ANNUAL MEETING OF STOCKHOLDERS

Purpose of the annual meeting

At the annual meeting, we will submit the following proposals to our stockholders:

- Proposal One:** To elect two Class II directors to a three-year term.
- Proposal Two:** To approve an amendment to the KVH Industries, Inc. Amended and Restated 2006 Stock Incentive Plan to increase the number of shares of our common stock issuable under the plan by 2,250,000 to 6,500,000.
- Proposal Three:** To approve an amendment to the KVH Industries, Inc. Amended and Restated 1996 Employee Stock Purchase Plan to increase the number of shares of our common stock issuable under the plan by 50,000 to 650,000.
- Proposal Four:** To ratify the appointment of KPMG LLP as our independent registered public accounting firm.

Our Board of Directors does not intend to present to the annual meeting any business other than the proposals described in this proxy statement. Our Board of Directors was not aware, a reasonable time before mailing this proxy statement to stockholders, of any other business that may be properly presented for action at the annual meeting. If any other business should come before the annual meeting, the persons present will have discretionary authority to vote the shares they own or represent by proxy in accordance with their judgment, to the extent authorized by applicable regulations.

Record date

Our Board of Directors has fixed the close of business on Monday, April 1, 2013, as the record date for the annual meeting. Only stockholders of record as of the close of business on that date are entitled to receive notice of the annual meeting, and to vote at, the annual meeting. At the close of business on the record date, there were 15,496,474 shares of our common stock outstanding. Each share of common stock outstanding on the record date will be entitled to cast one vote.

Methods of voting

The shares represented by your properly signed proxy card will be voted in accordance with your directions. If you do not specify a choice with respect to a proposal for which our Board of Directors has made a recommendation, the shares covered by your signed proxy card will be voted as recommended in this proxy statement. We encourage you to vote on all matters to be considered.

Voting by mail:

By signing and returning the proxy card in the enclosed envelope, you are enabling the individual named on the proxy card (known as a “proxy”) to vote your shares at the meeting in the manner you indicate. We encourage you to sign and return the proxy card even if you plan to attend the meeting. In this way, your shares will be voted even if you are unable to attend the meeting. If you received more than one proxy card, it is an indication that your shares are held in multiple accounts. Please sign and return all proxy cards to ensure that all of your shares are voted.

Voting by telephone:

To vote by telephone, please follow the instructions included on your proxy card. If you vote by telephone, you do not need to complete and mail your proxy card.

Voting on the Internet:

To vote on the Internet, please follow the instructions included on your proxy card. If you vote on the Internet, you do not need to complete and mail your proxy card.

Voting in person at the meeting:

If you plan to attend the meeting and vote in person, we will provide you with a ballot at the meeting. If your shares are registered directly in your name, you are considered the stockholder of record and you have the right to vote in person at the meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of the shares held in street name. If you wish to vote shares held in street name at the meeting, you will need to bring with you to the meeting a legal proxy from your broker or other nominee authorizing you to vote your shares.

You can obtain directions to be able to attend the meeting and vote in person at www.kvh.com/annual. None of the information on our website or elsewhere on the Internet forms a part of this proxy statement or is incorporated by reference into this proxy statement.

Quorum requirement

Our by-laws provide that a quorum consists of a majority of the shares of common stock outstanding and entitled to vote at the annual meeting. Shares of common stock represented by a properly signed and returned proxy will be treated as present at the annual meeting for purposes of determining the existence of a quorum at the annual meeting. In general, votes withheld from any nominee for election as director, abstentions, if applicable, and broker “non-votes,” if applicable, are counted as present or represented for purposes of determining the existence of a quorum at the annual meeting. A “non-vote” occurs when a broker or nominee holding shares for a beneficial owner returns a proxy but does not vote on a proposal because the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

Votes required; tabulation of votes

A plurality of the votes properly cast at the annual meeting will be necessary to elect each Class II director to a three-year term (proposal one). A majority of the votes properly cast at the annual meeting will be necessary to approve the proposed amendment to our Amended and Restated 2006 Stock Incentive Plan (proposal two), the proposed amendment to our Amended and Restated 1996 Employee Stock Purchase Plan (proposal three), the proposal to ratify the selection of KPMG LLP as our independent registered public accounting firm (proposal four) and any other matter to be acted upon at the annual meeting.

Abstentions and broker “non-votes” will not be included in calculating the number of votes cast on any proposal. As a result, abstentions and broker “non-votes” will not have any effect on the outcome of the vote on any proposal.

Our transfer agent, Computershare Trust Company, N.A., will separately tabulate the votes on each matter presented to the stockholders at the annual meeting.

Solicitation of proxies

We are soliciting proxies on behalf of our Board of Directors. No compensation will be paid by any person in connection with our solicitation of proxies. We will reimburse brokers, banks and other nominees for the out-of-pocket expenses and other reasonable clerical expenses they incur in obtaining instructions from beneficial owners of our common stock. In addition to our solicitation by mail, our directors, officers and employees may make special solicitations of proxies personally or by telephone, facsimile, courier or e-mail. We expect that the expense of any special solicitation will be nominal. We will pay all expenses incurred in connection with this solicitation.

Revocability of proxy

You may revoke your proxy at any time before it is voted at the meeting. In order to revoke your proxy, you must either:

- sign and return another proxy card with a later date;
- provide written notice of the revocation of your proxy to our secretary;
- if you voted by Internet or telephone, by following the instructions for revocation provided by Internet or telephone; or
- attend the meeting and vote in person.

PROPOSAL ONE: ELECTION OF DIRECTORS

Proposal One concerns the election of two Class II directors for three-year terms.

Our Board of Directors currently consists of six directors and is divided into three classes. We refer to these classes as Class I, Class II and Class III. The term of one class of directors expires each year at the annual meeting of stockholders. Each director also continues to serve as a director until his or her successor is duly elected and qualified. This year, the term of the Class II directors is expiring.

Our Nominating and Corporate Governance Committee has nominated Martin A. Kits van Heyningen and Charles R. Trimble to serve as Class II directors for a three-year term. Our stockholders last elected Messrs. Martin A. Kits van Heyningen and Charles R. Trimble at our annual meeting of stockholders in May 2010, and their current terms will expire at the 2013 annual meeting.

Proxies will not be voted at the 2013 annual meeting for more than two candidates.

Messrs. Martin A. Kits van Heyningen and Charles R. Trimble have agreed to serve if elected, and we have no reason to believe that they will be unable to serve. If either of them is unable or declines to serve as a director at the time of the annual meeting, proxies will be voted for another nominee that our Board of Directors will designate at that time.

A plurality of the votes properly cast at the annual meeting will be necessary to elect each Class II director to a three-year term.

Our Board of Directors recommends that you vote FOR the election of Messrs. Martin A. Kits van Heyningen and Charles R. Trimble as our Class II directors.

**PROPOSAL TWO: AMENDMENT OF OUR AMENDED AND RESTATED 2006 STOCK
INCENTIVE PLAN**

Proposal Two concerns the approval of an amendment to the KVH Industries, Inc. Amended and Restated 2006 Stock Incentive Plan to increase the number of shares issuable under the plan by 2,250,000 to 6,500,000.

We are asking our stockholders to approve an amendment to the KVH Industries, Inc. Amended and Restated 2006 Stock Incentive Plan, or the 2006 Plan, which was approved by our Board of Directors on April 17, 2013, subject to stockholder approval. The amendment would increase the number of shares reserved for issuance under the 2006 Plan by 2,250,000 to a total of 6,500,000. Our stockholders last approved an increase in the number of shares issuable under the 2006 Plan in 2010.

As of April 19, 2013, 3,563,787 shares of common stock have been issued, were reserved for issuance in connection with outstanding awards, or were cancelled under the 2006 Plan, and only 686,213 shares of common stock remained available for future grants under the 2006 Plan.

If the stockholders do not approve the proposed amendment to the 2006 Plan, our ability to grant any further options or make any further stock-based awards will be significantly curtailed, and our flexibility in granting other types of awards will be significantly limited. This may adversely impact our ability to attract, retain and motivate current and prospective employees.

A majority of the votes properly cast on the proposal at the annual meeting will be necessary to approve the amendment to the 2006 Plan.

Our Board of Directors recommends that you vote FOR the amendment to the KVH Industries, Inc. Amended and Restated 2006 Stock Incentive Plan.

Description of the KVH Industries, Inc. Amended and Restated 2006 Stock Incentive Plan

The following is a brief summary of the material features of the 2006 Plan. This summary does not purport to be complete and is qualified in its entirety by reference to the 2006 Plan, as so amended, a copy of which is attached to this proxy statement as Appendix A.

Types of awards

The 2006 Plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended, or the Code, non-statutory stock options, restricted stock awards and other stock-based awards, including the grant of shares based upon certain conditions. We refer to these collectively in this proxy statement as “awards.”

Stock options. Optionees receive the right to purchase a specified number of shares of common stock at a specified option price and subject to such other terms and conditions as are specified in connection with the option grant. Options must be granted at an exercise price that is at least equal to 100% of the fair market value of the common stock on the date of grant (110% of the fair market value in the case of incentive stock options granted to optionees holding more than, or deemed to hold more than, 10% of the voting power of the company). No option may have a term longer than seven years (five years in the case of incentive stock options granted to optionees holding more than, or deemed to hold more than, 10% of the voting power of the company). The 2006 Plan permits the following forms of payment of the exercise price of options:

- by cash or check payable to the order of KVH Industries, Inc.;
- delivery to us of shares of common stock held by the optionee having a fair market value equal to the aggregate exercise price of the options being exercised;

[Table of Contents](#)

- a “cashless exercise” through a broker supported by an irrevocable and unconditional undertaking by such broker to deliver sufficient funds to pay the applicable exercise price;
- by reducing the number of option shares otherwise issuable to the optionee upon exercise of the option by a number of shares having a fair market value equal to the aggregate exercise price of the options being exercised; or
- any combination of these forms of payment.

Restricted stock and restricted stock unit awards. Restricted stock awards entitle recipients to acquire shares of common stock, subject to our right to repurchase all or part of the shares from the recipient in the event that the conditions specified in the applicable award are not satisfied before the end of the applicable restriction period established for the award. Instead of granting awards for restricted stock, the plan administrator may grant awards entitling the recipient to receive shares of common stock to be delivered at the time the awards vest. The 2006 Plan refers to these awards as “restricted stock units.”

Other stock-based awards. Under the 2006 Plan, the plan administrator has the right to grant other awards based upon our common stock having such terms and conditions as the plan administrator may determine, including the grant of shares based upon certain conditions. These stock-based awards may be valued in whole or in part on the basis of shares of our common stock or other property, may entitle participants to receive shares of our common stock in the future and may be paid in shares of our common stock or cash.

Eligibility to receive awards

All employees, officers, directors, consultants and advisors of ours and of our present or future parent or subsidiary corporations are eligible to receive awards under the 2006 Plan. We refer to holders of 2006 Plan awards in this proxy statement as participants. Under present law, however, incentive stock options may only be granted to our employees and employees of our parent and subsidiary corporations. As of April 19, 2013, 4 directors and 362 employees were eligible to participate in the 2006 Plan.

Shares available for issuance

At present, a maximum of 4,250,000 shares of common stock may be issued under the 2006 Plan. If our stockholders approve the proposed amendment to the 2006 Plan, a maximum of 6,500,000 shares of common stock will be issuable under the 2006 Plan. The maximum number of shares with respect to awards that may be granted to any person under the 2006 Plan may not exceed 120,000 shares per calendar year. As of April 19, 2013, the closing price of our common stock on the Nasdaq Global Select Market was \$12.69 per share.

Each share issued under awards other than options will reduce the number of shares reserved for issuance by two shares (but will reduce the maximum number of shares that may be granted annually to a participant only by one share), and shares issued under options will reduce the shares reserved for issuance on a 1-to-1 basis.

If any award expires or is terminated or surrendered, the unused shares of common stock covered by the award will again be available for grant under the 2006 Plan. Unused shares covered by expired, terminated or surrendered awards other than options increase the shares available for grant under the plan at the ratio of 2-to-1. Unused shares of common stock subject to options will, upon expiration, termination or surrender of the options, increase the shares available for grant under the plan at the ratio of 1-to-1.

The plan also states that, consistent with our historical practice, shares of common stock tendered to us by a participant to exercise an award or otherwise acquire shares, as well as shares withheld from the exercise of an award or other acquisition of shares to cover any tax liability, are not permitted to be added to the number of shares of common stock available for the grant of awards under the plan.

[Table of Contents](#)

Automatic director awards

Under a policy adopted by the Compensation Committee in April 2009, each non-employee director will automatically receive under the 2006 Plan, upon his or her initial election to the Board (or, if already a director, upon first being elected as a non-employee director), a restricted stock award with respect to 10,000 shares of common stock and will receive, on the date of the first Board meeting following each annual meeting thereafter, a restricted stock award with respect to an additional 5,000 shares, if then serving as a director. Each award will vest in four equal quarterly installments after the date of the grant.

In addition, under this policy, each non-employee director appointed to serve on the Audit Committee of the Board will automatically receive under the 2006 Plan, upon his or her initial appointment to the Audit Committee, a restricted stock award with respect to 5,000 shares of common stock and will receive, on each anniversary of such appointment, a restricted stock award with respect to an additional 5,000 shares of common stock, as long as such director continues to serve on the Audit Committee. Each award will vest in four equal quarterly installments after the date of grant.

Administration

The 2006 Plan is administered by our Compensation Committee through a delegation of authority by our Board of Directors. The Compensation Committee has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the 2006 Plan and to interpret the provisions of the 2006 Plan. It is our intention that the composition of the Compensation Committee will comply with Section 162(m) of the Code and Rule 16b-3 under the Securities Exchange Act of 1934, as amended.

Subject to any applicable limitations contained in the 2006 Plan, the Compensation Committee selects the recipients of awards and determines:

- the number of shares of common stock covered by an award and the dates upon which such award vests and/or becomes exercisable or free of conditions and/or restrictions;
- the exercise price or purchase price of awards (which, for options, may not be less than 100% of fair market value of the common stock on the grant date or 110% of such market value in the case of incentive stock options granted to optionees holding more than, or deemed to hold more than, 10% of the voting power of the company); and
- the duration of options (which may not exceed seven years or five years in the case of incentive stock options granted to optionees holding more than, or deemed to hold more than, 10% of the voting power of the company).

Transferability

Incentive stock options may not be transferred other than by will or the laws of inheritance. Non-statutory stock options may only be transferred if the committee so provides. Restricted stock and restricted stock unit awards generally may not be sold, assigned, transferred, pledged or otherwise encumbered by participants, except by will or the laws of inheritance.

Changes in status

If a participant's employment or service terminates by reason of death, the participant's legal representatives may exercise his or her incentive stock option for the number of shares that was vested on the date of death until the earlier of one year following the date of death or the expiration date of the incentive stock option. If a participant's employment or service terminates by reason of disability, the participant may exercise his or her incentive stock option for the number of shares that was vested on the date of termination until the earlier of one year following the date of termination or the expiration date of the incentive stock option.

[Table of Contents](#)

If a participant's employment or service terminates for "cause" (as defined in the 2006 Plan), any incentive stock option then held by the participant will immediately terminate.

Any non-statutory stock option granted under the 2006 Plan will contain such terms and conditions with respect to its termination as the Compensation Committee, in its discretion, may from time to time determine.

If a participant's employment or service is interrupted due to an approved leave of absence (whether paid or unpaid) or if a participant is transferred between us and an affiliate, those events will not be deemed a termination of employment.

If a participant's employment or service terminates for a reason other than "cause," death, disability, or voluntary termination, unless otherwise determined by our Compensation Committee, any incentive stock option held by such participant may thereafter be exercised, to the same extent exercisable prior to the date of termination, until the earlier of the expiration of the option or 30 days after the date of termination of employment or service.

Adjustments for changes in common stock and other events

Upon the occurrence of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in our capitalization, each award outstanding under the 2006 Plan, as well as the number and kind of shares reserved for issuance under the 2006 Plan, will be appropriately adjusted by the Compensation Committee to reflect any such event.

In the event of our merger, consolidation, liquidation or dissolution, the Compensation Committee may, as to any outstanding awards, make such substitution or adjustment in the aggregate number of shares reserved for issuance and in the number and purchase price of shares subject to such awards as it may determine, or accelerate, amend or terminate such awards upon such terms and conditions as it shall provide.

Change of control events

Upon the occurrence of a "change of control" (as defined in the 2006 Plan):

- each holder of an outstanding stock option will be entitled, upon exercise of the option, to receive, in lieu of shares of our common stock, shares of such stock or other securities, cash or property (or consideration based upon shares of such stock or other securities, cash or property) as the holders of shares of our common stock receive in connection with the change of control;
- the Compensation Committee may accelerate, fully or in part, the time for exercise of, and waive any or all conditions and restrictions on, each unexercised and unexpired stock option, restricted stock, restricted stock unit or other awards made under the 2006 Plan, effective upon a date prior or subsequent to the effective date of such change of control, as specified by the Compensation Committee; or
- each outstanding stock option may be cancelled by the Compensation Committee as of the effective date of any such change of control provided that (a) prior written notice of such cancellation shall be given to each holder of such an option and (b) each holder of such an option shall have the right to exercise such option to the extent that the same is then exercisable or, in full, if the Compensation Committee shall have accelerated the time for exercise of all such unexercised and unexpired options, during the thirty (30) day period preceding the effective date of such change of control.

In addition to the provisions set forth above, the Compensation Committee has the discretion when granting awards under the 2006 Plan to provide for different or additional provisions with respect to the effect of a change of control on any award.

[Table of Contents](#)

Under the 2006 Plan, a “change of control” relating to (i) a merger or consolidation of KVH with any other corporation or other entity or (ii) the sale or disposition of all or substantially all of our assets occurs upon consummation of such a transaction.

Amendment or termination

The Board of Directors originally adopted the 2006 Plan on February 22, 2006, and our stockholders first approved it on May 24, 2006. No award may be granted under the 2006 Plan after February 22, 2016, the date that is ten years from the date the 2006 Plan was adopted by our Board of Directors, but any awards granted may extend beyond that date. The Board may at any time amend or discontinue the 2006 Plan, and the Compensation Committee may at any time amend or cancel any outstanding award for the purpose of satisfying changes in law or for any other lawful purposes, except that:

- no amendment may increase the limitations on the number of shares available for grant under the 2006 Plan without stockholder approval; and
- no amendment may amend the limitation on option repricing in the 2006 Plan without stockholder approval.

New plan benefits

Except for the automatic grants of restricted stock awards to non-employee directors described above, the grant of awards under the plan is within the discretion of the plan administrator. Accordingly, we are unable to determine the number of awards that will be received by or allocated to any participant under the 2006 Plan, except as described below.

The following table provides information concerning the benefits that we can determine will be received by:

- each executive officer named in the summary compensation table;
- all current executive officers, as a group;
- all current directors who are not executive officers, as a group; and
- all employees who are not executive officers, as a group.

All employees who are not executive officers, as a group	—

⁽¹⁾ At the end of 2012, we had four non-employee directors, all of whom served on the Audit Committee of the Board. The amount shown in the table represents the aggregate number of shares of common stock subject to restricted stock awards that will be granted on the date of the first Board meeting following each annual meeting of stockholders to four non-employee directors, assuming we will have four non-employee directors who will be re-elected as directors at the annual meeting or whose term will continue after the annual meeting, plus the aggregate number shares of common stock subject to restricted stock awards that will be granted annually to continuing members of the Audit Committee, assuming we will have four directors who will continue to serve as members of the Audit Committee during the year. The amount shown does not include 10,000 shares of common stock subject to restricted stock awards that will be granted to each non-employee director who joins our Board of Directors in the future or 5,000 shares of common stock subject to restricted stock awards that will be granted to each director who joins the Audit Committee in the future.

Federal income tax consequences of the 2006 Plan

The following tax information is intended only as a brief overview of the current material United States federal income tax laws applicable to the 2006 Plan. The summary does not purport to be a complete description of all federal tax issues, nor does it address any state, local or foreign tax matters. Each option or award recipient should consult his or her own tax advisors concerning the application of various tax laws that might affect his or her particular situation.

Nonqualified stock options

The holder of a nonqualified stock option recognizes no income for federal income tax purposes on the grant of the option. On the exercise of a nonqualified stock option, the difference between the fair market value of the common stock on the exercise date and the option exercise price is treated as compensation to the holder of the

[Table of Contents](#)

option, taxable as ordinary income in the year of exercise. That fair market value becomes the basis for the underlying shares, which will be used in computing any capital gain or loss upon disposition of the shares. The capital gain or loss will be long-term gain or loss if the holder has held the stock for more than one year after the date of exercise of the option.

Incentive stock options

Except as described below with respect to the alternative minimum tax, the holder of an incentive stock option recognizes no income for federal income tax purposes on either the grant or exercise of the option. If the holder does not dispose of the shares acquired upon exercise of the incentive stock option within two years from the date of the grant of the incentive stock option or within one year after exercise of the incentive stock option, any gain realized by the holder on the subsequent sale of the shares will be treated for federal income tax purposes as long-term capital gain. If the holder sells the shares before the expiration of such two-year and one-year periods, which is considered a “disqualifying disposition,” the difference between the lesser of the value of the shares at the date of exercise or at the date of sale and the exercise price of the incentive stock option will be treated as compensation to the holder taxable as ordinary income, and the excess gain, if any, will be treated as capital gain, which will be long-term capital gain if the shares were held for more than one year after exercise of the option.

The excess of the fair market value of the common stock over the exercise price at the time of exercise of an incentive stock option will constitute an item of tax preference for purposes of the alternative minimum tax. Taxpayers who incur the alternative minimum tax are allowed a credit which may be carried forward indefinitely to be used as a credit against the taxpayer’s regular tax liability in a later year; however, the alternative minimum tax credit cannot reduce the regular tax below the alternative minimum tax for that carryover year.

Restricted stock awards

The recipient of a restricted stock award usually recognizes income only as the shares of restricted stock issued in connection with the award vest. Upon vesting, the recipient will recognize ordinary income equal to the excess, if any, of the fair market value of the vested shares at the time of vesting over any amount paid by the recipient for the vested shares. Upon the subsequent resale of such vested shares, the recipient will recognize capital gain or loss, as the case may be, in an amount equal to the difference between the amount the recipient receives in exchange for the vested shares and the fair market value of the vested shares at the time of vesting. The gain or loss will be long-term capital gain or loss if more than one year has passed since the shares vested.

However, the recipient of a restricted stock award may elect to recognize ordinary income upon the receipt, rather than the vesting, of shares of restricted stock in connection with the award in accordance with Section 83(b) of the Code. In this case, the recipient recognizes ordinary income in an amount equal to the excess, if any, of the fair market value of the shares at the time the recipient received the shares over the amount the recipient paid for the shares. Upon the subsequent resale of such vested shares, the recipient will recognize capital gain or loss, as the case may be, in an amount equal to the difference between the amount the recipient receives in exchange for the vested shares and the fair market value of the vested shares at the time the recipient received the shares. The gain or loss will be long-term capital gain or loss if more than one year has passed since the recipient received the shares.

Restricted stock unit awards

The recipient of a restricted stock unit award recognizes no income until the recipient receives shares of common stock issued in connection with the award. Upon such receipt, the recipient recognizes ordinary income in an amount equal to the excess, if any, of the fair market value of the shares at the time the recipient received the shares over any amount the recipient paid for the shares. Upon the subsequent disposition of shares received pursuant to a restricted stock unit award, the recipient will recognize capital gain or loss, as the case may be, in

[Table of Contents](#)

the amount of the difference between the price received in exchange for the shares and the fair market value of the shares at the time the recipient received them. The gain or loss will be long-term capital gain or loss if more than one year has passed since the recipient received the shares.

Although restricted stock unit awards vest much like restricted stock awards, the Section 83(b) election described above does not apply to restricted stock unit awards because they are unfunded and unsecured promises to issue stock in the future, and thus are not property as contemplated by that section of the Code.

Other stock-based awards

The tax consequences associated with any other stock-based award granted under the 2006 Plan will vary depending on the specific terms of the award.

Deductibility of awards

Subject to certain limitations, we may generally deduct on our corporate income tax returns an amount equal to the amount recognized as ordinary income by a recipient of an award under the 2006 Plan in the year in which the recipient recognizes ordinary income upon the exercise of a nonqualified stock option, the disqualifying disposition of an incentive stock option, the receipt or vesting of shares of stock in connection with a restricted stock award, and the receipt of stock in connection with a restricted stock unit award.

Section 162(m) of the Code generally prevents us from deducting more than \$1.0 million in compensation each year for each of our CEO and our three next most highly paid executive officers (other than our Chief Financial Officer). Performance-based compensation that meets criteria established by the Internal Revenue Service is not subject to this limitation. Some of the awards that we grant under the 2006 Plan may not qualify as performance-based compensation. Accordingly, we may be unable to deduct some or all of the amounts that may be recognized as ordinary income by our executive officers.

PROPOSAL THREE: AMENDMENT OF OUR AMENDED AND RESTATED 1996 EMPLOYEE STOCK PURCHASE PLAN

Proposal Three concerns the approval of an amendment to the KVH Industries, Inc. Amended and Restated 1996 Employee Stock Purchase Plan to increase the number of shares issuable under the plan by 50,000 to 650,000.

We are asking our stockholders to approve an amendment to the KVH Industries, Inc. Amended and Restated 1996 Employee Stock Purchase Plan, or the 1996 Plan, which was approved by our Board of Directors on April 17, 2013, subject to stockholder approval. The amendment would increase the number of shares reserved for issuance under the 1996 Plan by 50,000 to a total of 650,000. Our stockholders last approved an increase in the number of shares issuable under the 1996 Plan in 2010.

As of April 19, 2013, employees had purchased a total of 563,900 shares under the 1996 Plan, and there were 36,100 shares available for issuance to employees under the 1996 Plan. We believe that employees that are also stockholders are more committed and loyal to us. Approval of the amendment would allow us to continue to offer our employees the incentive to participate in our growth as stockholders.

A majority of the votes properly cast on the proposal at the annual meeting will be necessary to approve the amendment to the 1996 Plan.

Our Board of Directors recommends that you vote FOR the amendment to the KVH Industries, Inc. Amended and Restated 1996 Employee Stock Purchase Plan.

Description of the KVH Industries, Inc. Amended and Restated 1996 Employee Stock Purchase Plan

The following is a summary of the material features of the 1996 Plan. The following summary does not purport to be complete and is qualified in its entirety by reference to the terms of the 1996 Plan, a copy of which is attached to this proxy statement as Appendix B.

Participation in the 1996 Plan

The 1996 Plan enables eligible employees to purchase shares during offering periods that are determined by the Compensation Committee in its discretion. To become a participant in the plan, an eligible employee must file an election form with our treasurer not less than 20 days before the commencement of the first offering in which the employee wishes to participate. On the election form, the participant must designate the percentage of eligible compensation (up to a maximum of 6%) he or she would like to have credited to his or her account under the plan. At the end of each offering period, amounts credited to this account will be used to purchase whole shares of our common stock. The purchase price per share will be 85% of the fair market value of our common stock on the last day of the offering period.

During an offering period, payroll deductions may not be changed. A participant may discontinue his or her participation in the 1996 Plan by providing a termination form at any time before the end of an offering period. All amounts then credited to the participant's account will be paid as soon as practicable following receipt of the participant's termination form, and no further payroll deductions will be made with respect to the participant. Upon termination of employment for reasons other than the death of the participant, all amounts credited to the participant's account will be delivered to the participant or his or her successor-in-interest. If a participant's employment terminates by reason of the participant's death, the participant's successor-in-interest may elect either to withdraw all of the payroll deductions credited to the participant's account under the plan or to exercise the participant's option on the first date on which an offering period terminates after the participant's death. No interest will be paid with respect to payroll deductions made or amounts credited to any account under the plan.

Eligibility

Each employee of ours or of any of our subsidiary corporations who has been continuously employed for at least one year, and who is customarily employed at least 20 hours per week and more than five months per calendar year, is eligible to participate in offerings under the 1996 Plan, with the exception that no employee may receive options to purchase shares under the plan if, as a result of that option, the employee:

- would hold and/or have options to acquire five percent or more of our outstanding stock (by vote or value), or
- would have rights under this plan to purchase stock with an aggregate fair market value (determined at the time of grant) in excess of \$25,000 for any calendar year during which such option is outstanding.

As of April 19, 2013, 316 employees were eligible to participate in the 1996 Plan.

Shares available for issuance

As a result of the proposed amendment, an aggregate of 650,000 shares will be available for issuance under the 1996 Plan. As of April 19, 2013, 563,900 shares had been issued. As of April 19, 2013 the fair market value of our common stock was \$12.69 per share.

Administration

The 1996 Plan is administered by the Compensation Committee of our Board of Directors. The Compensation Committee has the authority to interpret the plan and prescribe, amend and rescind rules and regulations relating to the plan. The Compensation Committee's determinations with respect to any matter or provision under the plan are final and binding on us as well as the participants in the plan and their heirs or legal representatives.

Transferability

An employee's rights under the 1996 Plan may not be transferred or assigned to any other person during the employee's lifetime. After shares have been issued under the plan and credited to an employee under the plan, those shares may be assigned or transferred in the same manner as any other shares.

Adjustments

In the event of any merger, recapitalization, stock dividend, stock split or other adjustment to our capital stock, the Compensation Committee will make such adjustments to the 1996 Plan as it deems appropriate.

Amendment or termination

Our Board of Directors may amend, modify or terminate the 1996 Plan at any time without notice, provided that no amendment or termination may adversely affect the rights of participants holding options under the 1996 Plan at the time of such amendment or termination. Although shareholder approval is not generally required for plan amendments, Section 423 of the Code, which provides favorable tax treatment to plan participants with respect to the purchase of shares under the plan, requires shareholder approval for any increase in the number of shares authorized under the 1996 Plan.

New plan benefits

Because benefits under the 1996 Plan depend on employees' elections to participate in the plan and the fair market value of the shares of our common stock at various future dates, it is not possible to determine future benefits that will be received by executive officers and other employees under the plan. Non-employee directors are not eligible to participate in the plan.

[Table of Contents](#)

Historical plan purchases

Historically, purchases of shares of our common stock under the 1996 Plan have been made primarily by our employees who are not executive officers. Since the inception of the plan, this group has purchased an aggregate of 525,264 shares under the plan, whereas our current executive officers, as a group, have purchased only 38,636 shares under the plan. Of the shares purchased by our named executive officers, 3,212 shares were purchased by Robert J. Balog and 4,349 shares were purchased by Patrick J. Spratt; none of Martin A. Kits van Heyningen, Peter A. Rendall, Brent C. Bruun, Daniel R. Conway has purchased any shares under the plan. Our non-employee directors are not eligible to participate in the plan.

No person has purchased or is currently expected to purchase five percent or more of the total number of shares available for grant under the 1996 Plan, and we are not aware that any associate of any executive officer or director has purchased shares under the 1996 Plan. Because participation in the plan is voluntary, the persons and groups listed above may purchase additional shares under the 1996 Plan.

Federal income tax consequences of the 1996 Plan

The following tax information is intended only as a brief overview of the current material United States federal income tax laws applicable to the 1996 Plan. The summary does not purport to be a complete description of all federal tax issues, nor does it address any state, local or foreign tax matters. Each participant in the 1996 Plan should consult his or her own tax advisors concerning the application of various tax laws that might affect his or her particular situation.

A participant in the 1996 Plan recognizes no taxable income either as a result of participation in the plan or upon exercise of an option to purchase shares of our common stock under the terms of the plan.

If an employee acquires shares of common stock pursuant to the plan and does not dispose of them within two years after the commencement of the offering pursuant to which the shares were acquired, nor within one year after the date on which the shares were acquired, any gain realized upon subsequent disposition will be taxable as a long-term capital gain, except that the portion of such gain equal to the lesser of (a) the excess of the fair market value of the shares on the date of disposition over the amount paid upon purchase of the shares, or (b) the excess of the fair market value of the shares on the commencement date of the applicable offering over the amount paid upon purchase of the shares, is taxable as ordinary income. There is no corresponding deduction for the company, however. If the employee disposes of the shares at a price less than the price at which he or she acquired the shares, the employee realizes no ordinary income and has a long-term capital loss measured by the difference between the purchase price and the selling price.

If an employee disposes of shares acquired pursuant to plan within two years after the commencement date of the offering pursuant to which the shares were acquired, or within one year after the date on which the shares were acquired, the difference between the purchase price and the fair market value of the shares at the time of purchase will be taxable to him or her as ordinary income in the year of disposition. In this event, we may deduct from our gross income an amount equal to the amount treated as ordinary income to each such employee. Any excess of the selling price over the fair market value at the time the employee purchased the shares will be taxable as long-term or short-term capital gain, depending upon the period for which the shares were held. If any shares are disposed of within either the two-year or one-year period at a price less than the fair market value at the time of purchase, the same amount of ordinary income (*i.e.*, the difference between the purchase price and the fair market value of the shares at the time of purchase) is realized, and a capital loss is recognized equal to the difference between the fair market value of the shares at the time of purchase and the selling price.

If a participating employee should die while owning shares acquired under the plan, ordinary income may be reportable on his or her final income tax return.

PROPOSAL FOUR: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Proposal Four concerns the ratification of the appointment of KPMG LLP as our independent registered public accounting firm.

In accordance with its charter, the Audit Committee has selected the firm of KPMG LLP, an independent registered public accounting firm, to be our independent auditor for the year ending December 31, 2013 and, with the endorsement of the Board of Directors, recommends to stockholders that they ratify such appointment. KPMG LLP has served in this capacity since fiscal 1994. Its representatives will be present at the annual meeting and will have an opportunity to make a statement and be available to respond to appropriate questions.

A majority of the votes properly cast at the annual meeting will be necessary to ratify the selection by the Audit Committee of our Board of Directors of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2013.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

Compensation Discussion and Analysis

Overview of Executive Compensation Program

Our executive compensation program is overseen and administered by the Compensation Committee of our Board of Directors, which is comprised entirely of independent directors as determined in accordance with various NASDAQ Stock Market, United States Securities and Exchange Commission, or SEC, and Internal Revenue Code rules. None of its members is a current or former employee of ours. It is the goal of the Compensation Committee to create policies and practices that provide total compensation for executive officers that is fair, reasonable and competitive. The Compensation Committee operates under a written charter adopted by our Board.

All principal elements of compensation paid to our executive officers are subject to approval by the Compensation Committee. Specifically, our Board has delegated authority to the Compensation Committee to determine and approve (1) our compensation philosophy, including evaluating risk management and incentives that create risk, (2) annual base salaries, cash-based incentive compensation and equity-based compensation applicable to our executive officers, and (3) equity-based compensation applicable to non-executive employees.

There are no material differences in the compensation policies, objectives or programs with respect to our named executive officers, except that the compensation for our President, Chief Executive Officer, and Chairman of the Board of Directors (CEO) is determined exclusively by the Compensation Committee, while the compensation of our other named executive officers is determined by the Compensation Committee based on similar criteria, but also takes into account the recommendations of our CEO.

Executive Compensation Philosophy and Objectives

Our executive compensation program is designed to attract, retain and motivate highly qualified executives and align their interests with the interests of our stockholders. The ultimate goal of our executive compensation program is to increase stockholder value by providing executives with appropriate incentives to achieve our business goals. In recent years, our executive compensation program has had three principal elements: annual base salary, annual cash-based incentive compensation, and longer-term equity-based compensation.

Our executive compensation objectives are to:

- offer fair and competitive compensation that attracts and retains superior executive talent;
- directly and substantially link rewards to measurable corporate performance;
- align the interests of executive officers with those of stockholders by providing executive officers with an equity stake in our company;
- optimize the cost to us and value to executives; and
- promote long-term career commitments that support a long-standing internal culture of loyalty and dedication to our interests.

The three principal elements of our executive compensation program seek to provide the following rewards:

- Base salaries provide fixed compensation to reward individual value that an executive officer brings to us through experience and past and expected future contributions to our success, while factoring in our specific needs and comparable responsibilities at similar organizations.
- Annual cash-based incentive compensation is designed to reward the achievement of our annual business and financial goals and certain individual performance goals set at the beginning of each year.

[Table of Contents](#)

This incentive program generally awards compensation based on the degree to which our actual financial results meet the financial goals of our internal business plan and the degree to which the executives meet their individual performance goals.

- Equity grants are designed to reward the achievement of long-term growth in our stock price. Our equity grants for 2012 consisted of stock option awards. No restricted stock awards were granted in 2012. Stock options were granted with an exercise price equal to the closing price of our common stock on the NASDAQ Global Select Market on the date of grant and have a five-year life. The stock options vest in four equal annual installments, the first of which vested on February 28, 2013, the first anniversary of the grant date.

For a company of our size, we believe that the use of these executive compensation elements strengthens our ability to attract and retain highly qualified executives. We believe this combination of programs provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term shareholder value, and encourages executive recruitment and retention.

Our equity incentive program is a key retention tool and our vehicle for offering long-term incentives. Equity incentives are granted annually to executive officers to attract, motivate and retain these executives. We grant equity incentives to executive officers to encourage executive officers to work with a long-term view in the interest of shareholders and to reward the achievement of long-term growth in our stock price. We believe that granting equity incentives is the best method of motivating the executive officers to perform in a manner that is consistent with the long-term interests of our stockholders.

Compensation Decision-making Process

Our executives are compensated principally through a combination of base salary, cash-based incentive compensation paid in the first quarter of the following year and an annual equity grant. In addition, we may also grant an initial equity award to new executive officers when they commence employment. From time to time, we may offer a signing or retention bonus to attract a new executive officer.

The base salary and equity award for each executive, together with the overall cash-based incentive compensation plan for all executives, are generally established within the first quarter of each fiscal year at meetings of the Compensation Committee held for this purpose. These meetings generally follow one or more informal presentations or discussions of our financial performance, including achievement of performance targets, for the prior fiscal year. In deciding the compensation to be awarded to the executive officers other than the CEO for the current year and cash-based incentive compensation earned during the prior fiscal year, the Compensation Committee typically receives recommendations from the CEO. The CEO and the members of the Compensation Committee discuss the CEO's recommendations. In deciding the compensation to be awarded to the CEO for the current year and the cash-based incentive compensation earned by the CEO during the prior year, the Compensation Committee typically receives a written self-assessment from the CEO and recommendations from the Chairman of the Compensation Committee. The members of the Compensation Committee then discuss the Chairman's recommendations. The CEO is not present at the time of these deliberations. The Compensation Committee may accept or adjust any recommendations and makes all final compensation decisions.

Our cash-based incentive compensation program comprises both corporate performance goals and individual performance goals; typically, three-fourths of each executive's target incentive compensation is based on the degree of achievement of our corporate performance goals and one-fourth is based on the degree of achievement of individual performance goals. The corporate performance portion of the cash-based incentive compensation program is generally based on a formula approved by the Compensation Committee at the start of each year, but the Compensation Committee has the discretion to award incentive compensation that differs from the formula-based amounts. The individual performance goals for the executive officers other than the CEO are

[Table of Contents](#)

determined by the CEO or the Chief Financial Officer, with input from each executive at the beginning of the year. The individual performance goals for the CEO are determined by the Compensation Committee, with input from the CEO.

Compensation Consultant

Since 2005, the Compensation Committee has engaged Radford Surveys and Consulting, or Radford, a business unit of Aon, as its independent compensation consultant. The Compensation Committee has engaged Radford to advise on matters related to our executive compensation program and to assist in creating an effective and competitive executive compensation program. A comprehensive Radford study was provided in 2011 and was increased by an annual factor based on the results of Radford's technology industry surveys to determine the 2012 recommendations.

Radford assisted the Compensation Committee by providing comparative market data on compensation practices and programs based on an analysis of executive compensation survey data. Radford also provided guidance on industry best practices. Radford advised the Compensation Committee in (1) determining base salaries for executives, (2) determining the targets for total cash-based incentive compensation as a percentage of base salary, and (3) designing and determining individual equity grants for the 2012 long-term incentive plan for executives.

Radford's recommendations with respect to base salary, cash-based incentive compensation and equity-based compensation were taken into consideration by the Compensation Committee when setting base salaries and making changes to the cash-based incentive compensation and equity-based compensation components of the executive compensation program in 2012. Neither Radford nor any of its affiliates provided any services to us in 2012 other than Radford's services to the Compensation Committee.

Peer Group, Survey Data and Compensation Targets

With the assistance of Radford, the Compensation Committee compared our executive officers' compensation to that of a peer group of companies. For 2012, the peer group consisted of 18 public high technology companies which were selected by Radford in 2011 and approved by the Compensation Committee based on their respective businesses, revenues, market capitalization and the number of employees. In addition to the peer group, Radford reviewed data from the Radford Global Technology Survey, which includes approximately 160 high technology companies with revenues of less than \$200 million with the median revenue for the group being approximately \$77 million. Both the peer group and the survey data had an effective date of January 1, 2011 and were then increased by a 3.0% annual factor based on the results of Radford's technology industry surveys to update the previous market survey results to a common effective date of January 1, 2012. The Compensation Committee considered aggregated information taken from the Radford Executive High Technology Survey and used this information to further evaluate the compensation information of our peer group. The 18 companies included in our peer group were as follows:

- Anaren, Inc.
- Applied Signal Technology
- Argon ST, Inc.
- Astronics Corporation
- CalAmp
- Ditech Networks
- DSP Group
- EMS Technologies, Inc.
- Environmental Tectonics Corporation
- Globecomm Systems, Inc.
- Herley Industries, Inc.
- Innovative Solutions and Support, Inc.
- Network Equipment Technologies, Inc.
- NextWave Wireless, Inc.
- Occam Networks, Inc.
- PCTEL, Inc.
- Sycamore Networks
- Zhone Technologies

Compensation Benchmarking Relative to Market

Radford also provided the Compensation Committee with a comparison of the compensation of our executives to the compensation of executives with similar titles at the companies included in the aforementioned peer group. The assessment did not consider executive tenure, experience, skill or performance. The Radford data reviewed by the Compensation Committee included market data taken from the aforementioned peer group and the Radford Global Technology Survey (collectively, survey data), which was combined and weighted equally and then gathered at the 25th, 50th, and 75th percentiles for (1) base salaries, (2) bonus, (3) total cash compensation (base salary plus cash incentives), (4) long-term incentives (number of shares of restricted stock and stock options granted and long-term incentive value of equity-based compensation), (5) stock option equivalents as a percentage of total outstanding shares of the company, and (6) total direct compensation (total cash compensation and long-term incentives).

Historically, the Compensation Committee has generally targeted approximately the median base salary level (50th percentile) of the base salaries of executives in the survey data used by the Compensation Committee as the basis for comparison for that year. Adjustments to median base salary levels were made based on comparisons to the survey data and evaluation of other factors, such as executive tenure, experience, skill and performance relative to expectations for average performance for comparable executives, which are not reflected in the survey data. These factors reflect the value each individual brings to us through experience, education and training, our specific needs, and the individual's past and expected future contributions to our success. Radford advised the Compensation Committee that base salary levels are considered to be competitive if they fall within 10% of the desired market position. For 2012, base salaries for our named executive officers ranged from approximately 6% below to approximately 7% above the 50th percentile for the base salary of the relevant position.

We believe that benchmarking and aligning base salaries is especially critical to a competitive compensation program. Other elements of our compensation are affected by changes in base salary. For example, our annual cash-based incentive compensation is targeted and paid out as a percentage of base salary.

Our compensation program allows executives to participate in an annual cash-based incentive compensation program. Historically, the payouts for our executives for achieving the expected level of corporate performance for the year (as a percentage of base salary) have been targeted to pay out at approximately the median (50th percentile) of payouts for executives in the survey data used by the Compensation Committee as the basis for comparison for that year. As a percentage of base salary, targets for cash-based incentive compensation to the named executive officers for 2012 were at the 50th percentile of the Radford survey data, with the exception of two individuals whose targets were approximately 5% below the 50th percentile of the survey data.

Our compensation program allows executives to receive equity incentive awards under our equity incentive plans. Our primary goal is to create long-term value for stockholders, and accordingly the Compensation Committee believes that equity incentive awards provide an additional incentive to executive officers to work to maximize stockholder value. Typically, as was the case in 2012, all named executive officers other than the CEO and Chief Financial Officer receive the same quantity of equity awards, as their roles and responsibilities have been valued at an equivalent level. The Compensation Committee believed that granting equity incentives in this manner was the best method of motivating our executive team to perform in a manner consistent with the long-term interests of our stockholders. The CEO and Chief Financial Officer typically receive larger equity awards because they have greater responsibility for achieving our long-term goals. The fair value of the equity awards granted to our CEO approximated the 50th percentile of the Radford survey data. The Chief Financial Officer was appointed in October 2012 and received an initial grant of 50,000 options. Initial equity awards associated with an executive's date of hire are not included in our analysis of the annual executive equity awards or the Radford survey data. This initial grant was based on Radford Global Technology Survey data for Chief Financial Officer initial equity awards, which includes technology companies with revenues less than \$200 million with the median revenue for the group being approximately \$107 million. The fair value of the equity awards granted to all other named executive officers in 2012 was between the 25th and 50th percentile of the Radford survey data.

[Table of Contents](#)

Radford advised the Compensation Committee that Radford considers target total direct compensation levels to be competitive if they fall within 30% of the desired market position. When taking into consideration the base salary, annual cash-based incentive compensation and the equity grants made during 2012, the total direct compensation for Martin A. Kits van Heyningen, our CEO and Chairman of the Board, was approximately 9% below the 50th percentile of the Radford survey data. The total direct compensation for Peter A. Rendall, our Chief Financial Officer, based on the value of his initial equity award and the annualized amounts of the salary and cash-based incentive compensation that he earned for his partial year of service, was at the 75th percentile of the Radford survey data. The average total direct compensation for all other named executive officers was 6% below the 50th percentile of the Radford survey data.

Base Salary

The Compensation Committee defines base salary as the annualized regular cash compensation of an employee, excluding cash bonus awards, corporate contributions to employee benefit plans, and other compensation not designated as salary. As described above, base salaries are set for our named executive officers at a meeting of our Compensation Committee which is held for that purpose in the first quarter of the year.

In establishing base salaries for our named executive officers for 2012, the Compensation Committee took into account the value each individual brings to us through experience, education and training, our specific needs, and the individual's past and expected future contributions to our success, as well as our overall corporate performance. For 2012, the average adjustment to salaries for our named executive officers was an increase equal to 2.8% of base salary for 2011, with the largest increase equal to 2.9% of base salary for 2011. These adjustments were effective January 1, 2012.

The following summarizes some of the individual achievements of the CEO considered by the Compensation Committee for his 2012 base salary increase:

Martin Kits van Heyningen, President, Chief Executive Officer and Chairman of the Board

- Achieved long-term VSAT broadband business goals, establishing airtime services as a major recurring source of revenue, representing approximately one-third of our total revenue in 2011.
- Successfully developed a new corporate organizational structure that better integrates our service component with the rest of our operations to prepare for growth.
- Continued to drive innovation in product design and new concepts. Successfully introduced a number of new products that the Compensation Committee believes were well received by the market.

In light of these factors, Mr. Kits van Heyningen received a 2.4% increase in base salary for 2012, which approximated the 50th percentile in the Radford survey data.

The following summarizes some of the individual achievements of our other named executive officers considered by the CEO in providing recommendations to the Compensation Committee for 2012 base salary increases:

Patrick J. Spratt, Chief Financial Officer

- Supported the business, regulatory and financial planning for the mini-VSAT broadband business to facilitate achievement of our bottom-line goals.
- Led the fiber optic gyro facility and equipment improvement plan efforts.
- Captured substantial investment tax credit.
- Managed the construction of our new manufacturing facility, which was completed on time and below budget.

In light of these factors, Mr. Spratt received a 2.9% increase in base salary for 2012, which approximated the 50th percentile in the Radford survey data.

Brent C. Bruun, Executive Vice President, Mobile Broadband

- Achieved significant expansion of the mini-VSAT broadband network satellite infrastructure through the opening of our Singapore office as well as the addition of new distributors and/or wholesalers in Latin America.
- Strengthened and extended our direct and partner sales channels, enabling access to all targeted worldwide maritime markets.
- Achieved greater than 50% year-over-year revenue growth for the mini-VSAT broadband business.
- Sustained our leadership position in the leisure maritime satellite television market.

In light of these factors, Mr. Bruun received a 2.9% increase in base salary for 2012, which approximated the 50th percentile in the Radford survey data.

Robert J. Balog, Senior Vice President, Engineering

- Maintained our leadership position in the marine television market.
- Improved the new product development process, while also managing research and development spending within budget amounts.
- Supported fiber optic gyro research methods and engineering for increased performance and reliability while reducing the size and cost of our fiber optic gyros.

In light of these factors, Mr. Balog received a 2.9% increase in base salary for 2012, which approximated the 50th percentile in the Radford survey data.

Daniel R. Conway, Executive Vice President, Guidance and Stabilization

- Achieved significant expansion of TACNAV product revenue capturing over \$14 million in new contracts and nearly tripling revenue year-over-year.
- Contributed to the successful expansion of our mini-VSAT Broadband service through performance on our 10 year, \$42 million U.S. Coast Guard contract, and by expanding satellite hardware sales and airtime service into other U.S. and allied government and military organizations.
- Executed on a base of multi-year, multi-million dollar contracts, with associated booked backlog across several fiscal years.
- Positioned us for success on three major TACNAV and fiber optic gyro contracts that were eventually awarded in 2012.

In light of these factors, Mr. Conway received a 2.9% increase in base salary for 2012, which approximated the 50th percentile in the Radford survey data.

Peter A. Rendall, Chief Financial Officer

Mr. Rendall was appointed our Chief Financial Officer on October 1, 2012 at a base salary of \$250,000. The base salary was based on Radford Global Technology Survey data for salaries for a chief financial officer, which includes technology companies with revenues less than \$200 million with the median revenue for the group being approximately \$107 million.

Annual Cash-based Incentive Compensation

Our management incentive plan is designed to reward our executives for the achievement of annual goals, principally, achievement of corporate financial goals, and, secondarily, achievement of individual goals. It is our

[Table of Contents](#)

philosophy that the executives be rewarded for their performance as a team. We believe this is important to align our executive officers' interests with strong corporate performance and to promote cooperation among them. The executives also are rewarded for achieving individual goals set at the beginning of each year.

Formula for Cash-based Incentive Compensation

In March 2012, the Compensation Committee adopted the management incentive plan for 2012. The management incentive plan for 2012 was adopted based on our historical financial performance, planned strategic initiatives and the existing economic environment. Annual cash-based incentive compensation opportunities as a percentage of base salary were targeted at 75% of base salary for the CEO, 50% of base salary for the Chief Financial Officer (Mr. Spratt) and 40% of base salary for the other named executive officers. The Compensation Committee approved two formulas for calculating the cash-based incentive compensation with respect to the executives, one formula for the executives responsible for sales and one formula for all other executives. Under the incentive compensation formula for each sales executive for 2012, 75% of the sales executives' target incentive compensation was tied to achievement of budgeted revenue targets. The threshold for payment was achievement of 85% of the individual's budgeted revenue target, in which case 60% of this portion of the bonus would have been earned. The maximum bonus payment for the individual's achievement of budgeted revenue targets would have been awarded if he had exceeded his individual budgeted revenue target by 25%, in which case the payment would have been equal to 200% of this portion of the target bonus. The remaining 25% of the target incentive compensation for each sales executive was tied to corporate performance. Corporate performance was measured by the achievement of our goals for (i) revenue and (ii) earnings before interest, taxes, depreciation, amortization, and equity-based compensation expenses, or Adjusted EBITDA. The threshold for payment of the portion of the bonus for corporate performance for the sales executives was our achievement of 85% of the Adjusted EBITDA budget, and at this level of achievement, 50% of the target bonus for corporate performance would have been earned. If we did not meet this threshold, the payment for the corporate performance portion of the bonus would have been zero. The maximum bonus payment for corporate performance would have been awarded if we had exceeded the Adjusted EBITDA budget by 25%, in which case the payment would have been 200% of the target bonus for corporate performance.

The Compensation Committee approved a formula for determining the bonus of all other named executive officers based 75% on corporate performance goals and 25% on individual performance goals. The portion of the bonus plan based on achieving corporate performance goals used a sliding scale to determine bonus amounts based on the degree of achievement of our goals for growth in 2012 in (i) revenue and (ii) Adjusted EBITDA. The portion of the bonus based on individual performance for such executives was based solely on the discretion of the Compensation Committee.

The bonus payment for corporate performance would have been 100% for all such executives if we had achieved our budgeted targets for revenue and Adjusted EBITDA. The threshold for payment of the portion of the bonus for corporate performance was our achievement of 100% of the budgeted target for revenue and 85% of the Adjusted EBITDA budget and at this level of achievement, 50% of the target bonus for corporate performance would have been earned. The maximum bonus payment for corporate performance would have been awarded if we had exceeded our budgeted targets for revenue and Adjusted EBITDA by 15% and 25%, respectively, in which case the payment would have been 233% of the target bonus for corporate performance.

Incentive Compensation Awarded

The Compensation Committee awarded incentive compensation for fiscal 2012 based on its assessment of the degree of achievement of corporate and individual performance goals for 2012. We achieved our budgeted targets for revenue and Adjusted EBITDA for 2012, resulting in a bonus payment of 101% of target for the corporate performance portion of the incentive compensation award. The Chief Financial Officer's incentive bonus was pro-rated based on his partial year of service during 2012. For Brent C. Bruun and Daniel R. Conway, our sales executives, the portion of the incentive compensation award based on the degree of achievement of the

[Table of Contents](#)

budgeted revenue target was paid on 100% and 125% achievement, respectively. Achievement of individual performance goals for the remaining named executive officers ranged from 95% to 100%. The total cash-based incentive compensation awarded to Daniel R. Conway as a percentage of his base salary was approximately 30% above the 50th percentile of the Radford survey data because he exceeded his individual budgeted revenue target by 25%. The total cash-based incentive compensation awarded to all other named executive officers as a percentage of their base salary ranged from approximately 5% below to 5% above the 50th percentile of the Radford survey data.

Equity Incentive Program

The equity grant to our CEO in 2012 was based upon the Radford survey data for grants to other chief executive officers, the CEO's prior performance, the value of equity awards previously granted and unvested and the importance of retaining the CEO's services. These factors, as well as the CEO's achievements as listed above in determining his 2012 base salary, were taken into consideration when determining the number of shares covered by the equity grant. The equity grant to our new CFO in 2012 was an initial grant when he was appointed CFO in October 2012 and was based on guidance provided by Radford. In light of Mr. Spratt's announced plans to retire in 2012, he did not receive an equity grant in 2012. When granting equity incentives to our other named executive officers, a team approach was utilized. In 2012, as is typical, all named executive officers other than the CEO and Chief Financial Officer received the same number of equity awards, as their roles and responsibilities were valued at an equivalent level. The Compensation Committee believed that granting equity incentives in this manner was the best method of motivating our executive team to perform in a manner consistent with the long-term interests of our stockholders. The CEO and Chief Financial Officer received larger awards because they have greater responsibility for achieving our long-term goals.

Timing of Equity Grants

We typically grant equity incentives to executives in the first quarter of each fiscal year, usually in conjunction with the annual review of the individual and collective performance of our executive officers.

Historically, we have given restricted stock awards or stock options to new employees upon hire. These awards have typically been approved and granted at the first Compensation Committee meeting subsequent to the employee's start date. The Compensation Committee determined that, as of January 1, 2011, it would no longer grant restricted stock awards or stock options to every new hire but instead would grant them to new hires on a case-by-case basis. In addition, we typically grant restricted stock awards or stock options to certain non-executive employees each year.

Exercise Price and Vesting of Equity Awards

Stock options are granted with an exercise price equal to the closing price of our common stock on the NASDAQ Global Select Market on the date of grant. Stock options granted in 2012 have a life of five years and generally vest in four equal annual installments, the first of which vests on the first anniversary of the grant date. Under this vesting schedule, the options are fully exercisable four years after the date of grant, provided that the recipient remains an employee during that period. All of the equity incentive awards granted to our named executive officers in 2012 were stock options.

Other Compensation and Perquisites

Our executive officers are eligible to receive the same health and welfare benefits that are available to other employees and a contribution to their benefit premium that is the same percentage as provided to other employees. These benefit programs include health and dental insurance, life insurance, supplemental life insurance, and long-term disability insurance, and certain other benefits. In general, our employees pay between 29% and 34% of the health insurance premium due.

[Table of Contents](#)

We maintain an Employee Stock Purchase Plan and a tax-qualified 401(k) plan, which provides for broad-based employee participation. Under the 401(k) plan, all of our employees, including executive officers, are eligible to receive matching contributions from us. We presently match 50% of all employee 401(k) plan contributions up to 4% of salary, with a maximum annual corporate match per employee of \$3,000. We do not provide defined benefit pension plans or defined contribution retirement plans to our executives or other employees other than the 401(k) plan.

We provided automobile and/or housing allowances to four named executive officers in 2012. Martin A. Kits van Heyningen's auto allowance was \$10,733 and Robert J. Balog's was \$6,000. Brent C. Bruun received \$15,000 in 2012 for automobile and housing allowances. Peter A. Rendall received \$3,750 in 2012 for housing allowances. No other named executive officers received any other perquisites or other personal benefits or property from us during 2012.

Equity Ownership by Executives

We do not currently have a formal stock ownership requirement for executives or any related hedging policies. However, stock ownership by executives is encouraged on a voluntary basis. Each of our executive officers holds both vested and unvested stock options and restricted stock awards to the extent shown in the table entitled "Outstanding Equity Awards as of December 31, 2012." The Compensation Committee reviews the vested and unvested stock options and restricted stock awards held by the executives each year.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code limits our ability to deduct annual compensation in excess of \$1,000,000 that is paid to each of our CEO and our three most highly paid executive officers (other than the CEO and the Chief Financial Officer), unless that compensation is "performance-based" within the meaning of Section 162(m) and the regulations promulgated there under. The restricted stock awards that we grant under the 2006 Plan do not qualify as performance-based compensation. We believe that all of our stock options do so qualify and therefore are not subject to the deduction limitation of Section 162(m). The salary and bonuses paid to our executive officers are not exempt from this deduction limit. Accordingly, we may be unable to deduct some of the amounts that may be recognized as ordinary income by our executive officers.

We consider tax deductibility in the design and administration of our executive officer compensation plans and programs. However, we believe that it is in the best interests of our stockholders that we retain flexibility and discretion to make compensation awards, whether or not deductible, when such awards are consistent with our strategic goals.

Rules under generally accepted accounting principles determine the manner in which we account for grants of equity-based compensation to our employees in our consolidated financial statements. Our accounting policies for equity-based compensation are further discussed in note 7 of our audited consolidated financial statements in our Form 10-K for the year ended December 31, 2012, as filed with the SEC on April 2, 2013.

SUMMARY COMPENSATION TABLE
For 2012

The following table provides information concerning the compensation earned by our CEO, each individual that served as our Chief Financial Officer during 2012 and each of our three most highly compensated executive officers other than the CEO and Chief Financial Officer (collectively, “named executive officers”) during 2012. In addition, we are providing information regarding the compensation earned by Robert W.B. Kits van Heyningen, who is a director and an immediate family member of Martin A. Kits van Heyningen, our President, Chief Executive Officer and Chairman of the Board of Directors. We are treating Robert W.B. Kits van Heyningen as a “named executive officer” for purposes of our executive compensation disclosures (other than the Compensation Discussion and Analysis) in lieu of the information that we would otherwise provide in response to the disclosure requirements for director compensation and related-party transactions.

In 2012, the salary and bonus (including the non-equity incentive plan compensation) of our named executive officers as a percentage of total compensation ranged from 64% to 73%, excluding Peter A. Rendall and Patrick J. Spratt. Mr. Rendall was appointed as our Chief Financial Officer on October 1, 2012, and his non-equity incentive plan compensation was proportionate to his period of service in 2012. Because Mr. Rendall received a substantial initial equity grant in connection with his hiring, his salary and bonus (including his non-equity incentive plan compensation) comprised approximately 21% of his total compensation for 2012. Mr. Spratt did not receive any equity awards during 2012, in light of his announced plan to retire that year. Accordingly, his salary and bonus (including his non-equity incentive plan compensation) comprised approximately 99% of his total compensation for 2012.

- (2) Amounts shown do not reflect compensation actually received by the named executive officer. Instead, the amounts shown represent the aggregate grant date fair value, computed using the Black-Scholes option pricing model in accordance with Accounting Standards Codification 718, *Compensation – Stock Compensation* (ASC 718), of options granted during each year excluding the impact of estimated forfeitures related to service-based vesting conditions. The assumptions made to determine the value of these awards are set forth in Note 7 of our Consolidated Financial Statements included in our 2012 annual report on form 10-K, as filed with the SEC on April 2, 2013.
- (3) Amounts shown do not reflect compensation actually received by the named executive officer. Instead, the amounts shown represent the aggregate grant date fair value, computed using the closing price of our common stock on the date of grant in accordance with ASC 718, of restricted stock awards granted during each year, excluding the impact of estimated forfeitures related to service-based vesting conditions. Also included in this amount is the aggregate grant date fair value of performance-based restricted stock awards, which is based on the probable outcome of the performance conditions related to these awards as of the grant date, excluding the impact of estimated forfeitures related to service-based vesting conditions. There were no performance-based or other restricted stock awards granted during 2012. The probable outcome of the 2011 performance-based awards was estimated at 100%, and the awards paid out at 100% of the target, as the performance criterion was determined to have been met by the Compensation Committee. Therefore, stock-based compensation associated with the aggregate grant date fair value of the performance-based awards was recorded in 2011.
- (4) For 2012, the table reflects amounts that were earned under our management incentive plan for 2012 performance and that were determined and paid in March 2013. For 2011, the table reflects amounts that were earned under our management incentive plan for 2011 performance and that were determined in February 2012 and paid in March 2012. For 2010, the table reflects amounts that were earned under our management incentive plan for 2010 performance and that were determined and paid in March 2011.
- (5) Reflects the value of 401(k) matching contributions (\$3,000 maximum) and auto and housing allowances. See “Compensation Discussion and Analysis—Other Compensation and Perquisites” for more information on these allowances. Named executive officers did not receive any other perquisites, personal benefits or property.
- (6) Peter A. Rendall was appointed our Chief Financial Officer on October 1, 2012. His salary, bonus and non-equity incentive plan compensation were paid in proportion to his period of service in 2012.
- (7) Patrick J. Spratt retired as our Chief Financial Officer on October 1, 2012. Mr. Spratt continued to remain a part-time employee during a transition period that ended on March 29, 2013. During the transition period, Mr. Spratt assisted with the transition of his position and performed other tasks assigned by our CEO. On November 6, 2012, our Compensation Committee approved that Mr. Spratt’s salary be reduced to \$1,715 per week. Mr. Spratt remained eligible to participate in our non-equity incentive compensation plan for 2012, except that the salary amount used to calculate any payment under the incentive plan was reduced to his actual salary earned during 2012 (after giving effect to the reduced salary in effect during his part-time employment).

(1) Reflects the date on which the grants and management incentive plan were approved by the Compensation Committee.

(2) The amounts shown in these columns represent the executives' annual incentive opportunity under the management incentive plan, which has both corporate performance goals and individual performance goals. There is no threshold for achievement of individual performance goals; the thresholds for achievement of corporate performance goals and sales performance goals vary by goal. All target and maximum amounts reflect executive achievement of 100% of individual performance goals. See "Compensation Discussion and Analysis—Annual Cash-based Incentive Compensation" for more information regarding this plan.

(3) Represents the grant of non-qualified stock options under the 2003 Incentive and Non-Qualified Stock Option Plan and the 2006 Stock Incentive Plan, excluding the impact of estimated forfeitures related to service-based vesting conditions. Options represent the right to purchase shares of common stock at the price per share (equal to fair market value on the date of grant) indicated in the table. Options will vest in four equal annual installments. See "Compensation Discussion and Analysis—Equity Incentive Program" for more information regarding these grants.

(4) Reflects the grant date fair value of stock options granted to our named executive officers computed using the Black-Scholes option pricing model on the date of grant, in accordance with ASC 718, excluding the impact of estimated forfeitures related to service-based vesting conditions. No restricted stock awards were granted to our named executive officers in 2012.

COMPENSATION COMMITTEE REPORT ⁽¹⁾

The Compensation Committee established by our Board of Directors is currently composed of Messrs. Ain, Ryan and Trimble. Our Board of Directors adopted a charter for the Compensation Committee in April 2004. Under the charter, the Compensation Committee is responsible for recommending to the Board the compensation philosophy and policies that we should follow, particularly with respect to the compensation of the members of our senior management. The Committee is responsible for reviewing and approving the compensation of our executive officers, including our Chief Executive Officer. In addition, the Board has delegated to the Committee the authority to administer, review and make recommendations with respect to our incentive compensation plans and our equity-based plans.

The Compensation Committee has submitted the following report for inclusion in this proxy statement:

EQUITY COMPENSATION PLANS

The following table provides information as of December 31, 2012 regarding shares authorized for issuance under our equity compensation plans, including individual compensation arrangements.

The equity compensation plans approved by our stockholders are our Amended and Restated 2006 Stock Incentive Plan, Amended and Restated 2003 Incentive and Nonqualified Stock Option Plan, and Amended and Restated 1996 Employee Stock Purchase Plan. Under the 2006 Plan, each share issued under awards other than options will reduce the number of shares reserved for issuance by two shares (but will reduce the maximum annual number of shares that may be granted to a participant only by one share), and shares issued under options will reduce the shares reserved for issuance on a share-for-share basis. The following table does not reflect grants from January 1, 2013 through April 19, 2013 of 225,625 restricted stock awards with a weighted-average grant-date fair value of \$13.71 per share. No nonqualified stock options were issued from January 1, 2013 through April 19, 2013. The restricted stock awards and stock options reflected in the table were granted on the following terms as determined by the Compensation Committee: (a) in the case of restricted stock awards, the grantee received the restricted stock award without payment of cash consideration and (b) in the case of stock options, the exercise price per share of the stock option was equal to the closing price of our common stock on the NASDAQ Global Select Market on the date of the grant, (c) the total number of shares subject to the award will vest annually in four equal installments, the first of which vests on the first anniversary of the grant date. As of December 31, 2012, we did not have any equity compensation plans not approved by our stockholders.

⁽¹⁾ Does not include 371,611 shares of restricted stock granted under the Amended and Restated 2006 Stock Incentive Plan which were not vested as of December 31, 2012 and therefore subject to forfeiture. The weighted-average grant-date fair value of these shares of restricted stock was \$11.05. Any restricted stock award forfeited would be available for issuance under the Amended and Restated 2006 Stock Incentive Plan at a ratio of two available shares for each restricted stock award forfeited.

⁽²⁾ Each share issued under awards other than options will reduce the number of shares reserved for issuance by two shares (but will reduce the maximum annual number of shares that may be granted to a participant only by one share), and shares issued under options will reduce the shares reserved for issuance on a share-for-share basis. Includes 36,100 shares of common stock reserved for future issuance under our Amended and Restated 1996 Employee Stock Purchase Plan.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors and persons who beneficially own more than ten percent of our common stock to file reports of ownership and changes in ownership with the SEC. SEC regulations require executive officers, directors and greater-than-ten-percent stockholders to furnish us with copies of all Section 16(a) forms they file.

Based solely upon a review of Forms 3, 4, 5, and amendments thereto furnished to us with respect to 2012, we believe that all Section 16(a) filing requirements applicable to our executive officers, directors and greater-than-ten-percent stockholders were fulfilled in a timely manner, with three exceptions. Peter A. Rendall filed his Form 3 six days late and one Form 4 fourteen days late. Felise B. Feingold did not file a Form 4 for one transaction in December 2012. Ms. Feingold reported the transaction on the Form 5 that she filed with respect to 2012.

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

Director independence

A majority of our directors are independent directors under the rules of the NASDAQ Stock Market. Our Board of Directors has determined that our independent directors are Messrs. Ain, Honey, Ryan and Trimble.

[Table of Contents](#)

Board meetings

During 2012, our Board of Directors met seven times. Each incumbent director attended at least 75% of the total number of meetings held by the Board and the committees of the Board on which he served during 2012. To the extent reasonably practicable, directors are expected to attend Board meetings, meetings of committees on which they serve, and our annual meeting of stockholders. Last year, two of the six individuals then serving as directors attended the annual meeting.

Board leadership structure

Martin A. Kits van Heyningen currently serves as our President, Chief Executive Officer and Chairman of the Board. The Board has determined that, at present, combining the positions of Chairman of the Board and Chief Executive Officer serves the best interests of KVH and our shareholders. The Board believes that the CEO's extensive knowledge of our businesses, expertise and leadership skills make him a more effective Chairman than an independent director.

The functions of the Board are carried out by the full Board, and when delegated, by the Board committees. The Board has delegated significant authority to the Audit, Compensation and Nominating and Corporate Governance Committees, each of which is comprised entirely of independent directors. The independent directors typically meet in an executive session at regularly scheduled Board meetings and additional executive sessions may be convened at any time at the request of a director.

The independent directors have designated Mr. Ain to serve as our Lead Independent Director. The Lead Independent Director will, among other functions, preside at all meetings of the Board at which the Chairman is not present and will serve as a liaison between the CEO and the independent directors. The Lead Director also presides at executive sessions of the independent directors.

Risk management

Our Board of Directors administers its risk oversight role both directly and through its Committee structure. The Board consists of only six directors, four of whom are independent directors and two of whom are members of senior management. Of the four independent directors, three serve on each of the three principal Board committees, which makes them knowledgeable about the aspects of our business under the jurisdiction of those committees. The Board's Audit Committee meets frequently during the year and discusses with management, our chief financial officer and our independent auditor: (a) current business trends affecting us; (b) the major risk exposures that we face; (c) the steps management has taken to monitor and control these risks; and (d) the adequacy of internal controls that could significantly affect our financial statements. The Board also receives regular reports from senior management about business plans and opportunities, as well as the challenges and risks associated with implementing those plans and taking advantage of new opportunities.

Board committees

Our Board of Directors has three standing committees: the Audit Committee, the Nominating and Corporate Governance Committee and the Compensation Committee. Each member of the Audit Committee, the Nominating and Corporate Governance Committee and the Compensation Committee meets the independence requirements of the NASDAQ Stock Market for membership on the committees on which he serves. The Audit Committee, the Nominating and Corporate Governance Committee and the Compensation Committee each have the authority to retain independent advisors and consultants. We pay the fees and expenses of these advisors. Our Board of Directors has adopted a written charter for each of the Audit Committee, the Nominating and Corporate Governance Committee and the Compensation Committee. We have made each of these charters available through the Investor Relations page of our website at <http://investors.kvh.com>.

[Table of Contents](#)

Audit Committee

As of December 31, 2012, our Audit Committee was composed of Messrs. Ain, Honey, Ryan, and Trimble. Our Audit Committee provides the opportunity for direct contact between our independent registered public accounting firm and members of the Board of Directors; the auditors report directly to the Committee. The Committee assists the Board in overseeing the integrity of our financial statements, our compliance with legal and regulatory requirements, our independent registered public accounting firm's qualifications and independence, and the performance of our independent registered public accounting firm. The Committee is directly responsible for appointing, compensating, evaluating and, when necessary, terminating our independent registered public accounting firm. Our Audit Committee has established procedures for the treatment of complaints regarding accounting, internal accounting controls or auditing matters, including procedures for the confidential and anonymous submission by our employees of concerns regarding questionable accounting, internal accounting controls or auditing matters. Our Board has determined that Mr. Ryan is an Audit Committee financial expert under the rules of the SEC. Our Audit Committee met ten times during 2012.

Nominating and Corporate Governance Committee

Our Board of Directors established a Nominating and Corporate Governance Committee in February 2004. The current members of our Nominating and Corporate Governance Committee are Messrs. Ain, Honey, Ryan and Trimble. Our Nominating and Corporate Governance Committee's responsibilities include providing recommendations to our Board of Directors regarding nominees for director and membership on the committees of our Board. An additional function of the committee is to develop corporate governance practices to recommend to our Board and to assist our Board in complying with those practices. Our Nominating and Corporate Governance Committee met once during 2012.

Compensation Committee

The Compensation Committee's responsibilities include providing recommendations to our Board regarding the compensation levels of directors, reviewing and approving the compensation levels of executive officers, providing recommendations to our Board regarding compensation programs, administering our incentive-compensation plans and equity-based plans, authorizing grants under our stock option and incentive plans, and authorizing other equity compensation arrangements. For more information regarding the authority of the Compensation Committee, the extent of delegation by the Compensation Committee, our processes and procedures for determining executive compensation and the role of executive officers and compensation consultants in determining or recommending the amount or form of compensation for directors and executive officers, please see "Compensation Discussion and Analysis." Our Compensation Committee met eight times during 2012. Our Compensation Committee is currently composed of Messrs. Ain, Ryan and Trimble.

Compensation Committee interlocks and insider participation

During 2012, the members of our Compensation Committee were Messrs. Ain, Ryan and Trimble. No member of our Compensation Committee has ever been an officer or employee of ours or any of our subsidiaries. None of our executive officers serves as a director or member of the compensation committee of another entity in a case where an executive officer of such other entity serves as a director of ours or a member of our Compensation Committee.

Director candidates and selection processes

The process followed by our Nominating and Corporate Governance Committee to identify and evaluate director candidates includes requests to our Board members and others for recommendations, meetings from time to time to evaluate biographical information and background materials relating to potential candidates, and interviews of selected candidates by members of the Committee and other members of our Board. The

[Table of Contents](#)

Committee may also solicit the opinions of third parties with whom the potential candidate has had a business relationship. Once the committee is satisfied that it has collected sufficient information on which to base a judgment, the committee votes on the candidate or candidates under consideration.

In evaluating the qualifications of any candidate for director, the Committee considers, among other factors, the candidate's depth of business experience, reputation for personal integrity, understanding of financial matters, familiarity with the periodic financial reporting process, reputation, degree of independence from management, possible conflicts of interest and willingness and ability to serve. The Committee also considers whether the candidate will add diversity to the Board, including the degree to which the candidate's skills, experience and background complement or duplicate those of our existing directors and the long-term interests of our stockholders. In the case of incumbent directors whose terms are set to expire, the Committee also gives consideration to each director's prior contributions to the Board. The minimum qualifications that each director must possess consist of general familiarity with fundamental financial statements, ten years of relevant business experience, no identified conflicts of interest, no convictions in a criminal proceeding during the five years prior to the date of selection and the willingness to execute and comply with our code of ethics. Although the Committee considers diversity as a factor in assessing any nomination, the Board does not have a formal policy with regard to diversity in identifying director nominees. In selecting candidates to recommend for nomination as a director, the Committee abides by our company-wide non-discrimination policy.

The Committee will consider director candidates recommended by stockholders and use the same process to evaluate candidates regardless of whether the candidates were recommended by stockholders, directors, management or others. The Committee has not adopted any particular method that stockholders must follow to make a recommendation. We suggest that stockholders make recommendations by writing to the Chairman of the Board who will in turn forward to the Nominating and Corporate Governance Committee, in care of our offices, with sufficient information about the candidate, his or her work experience, his or her qualifications for director, and his or her references as will enable the Committee to evaluate the candidacy properly. We also suggest that stockholders make their recommendations well in advance of the anticipated mailing date of our next proxy statement so as to provide our Nominating and Corporate Governance Committee an adequate opportunity to complete a thorough evaluation of the candidacy, including personal interviews. We remind stockholders of the separate requirements set forth in our by-laws for nominating individuals to serve as directors, which we discuss elsewhere in this proxy statement.

Communications with our Board of Directors

Our Board, including all of the independent directors, has established a process for facilitating stockholder communications with our Board. Stockholders wishing to communicate with our Board should send written correspondence to the attention of our corporate secretary, Felise B. Feingold, KVH Industries, Inc., 50 Enterprise Center, Middletown, RI 02842, USA, and should include with the correspondence evidence that the sender of the communication is one of our stockholders. Satisfactory evidence would include, for example, contemporaneous correspondence from a brokerage firm indicating the identity of the stockholder and the number of shares held. Our secretary will forward all mail to each member of our Board of Directors.

Code of ethics

We have adopted a code of ethics that applies to all of our directors, executive officers and employees, including our principal executive officer and principal financial and accounting officer. The code of ethics includes provisions covering compliance with laws and regulations, insider trading practices, conflicts of interest, confidentiality, protection and proper use of our assets, accounting and record keeping, fair competition and fair dealing, business gifts and entertainment, payments to government personnel and the reporting of illegal or unethical behavior. You can obtain a copy of our code of ethics through the Investor Relations page of our website at <http://investors.kvh.com>.

Certain relationships and related-party transactions

Except as stated below, there were no reportable related-party transactions in 2012. Under its charter, the Audit Committee of the Board of Directors is responsible for approving any proposed related-party transaction. There are at present no written or otherwise established policies or procedures for the review, approval or ratification of related-party transactions, except the statement in the Audit Committee charter noted above.

Kathleen Keating, the spouse of Mr. Martin A. Kits van Heyningen, serves as our senior director of creative and customer experience. For fiscal 2012, total individual compensation for Kathleen Keating, based on total salary, bonus, aggregate grant date fair value of stock option awards granted during the year and all other compensation, as calculated in a manner consistent with our Summary Compensation Table For 2012, was approximately \$163,000.

Hendrik Kits van Heyningen, the son of Mr. Martin A. Kits van Heyningen, worked for us as an engineering intern during the summer of 2012. During this time, total compensation for Hendrik Kits van Heyningen was approximately \$5,000.

Paula Conway, the wife of Mr. Daniel R. Conway, serves as a program manager for us. For fiscal 2012, total individual compensation for Paula Conway, based on total salary, bonus, aggregate grant date fair value of stock option awards granted during the year and all other compensation, as calculated in a manner consistent with our Summary Compensation Table For 2012, was approximately \$135,000.

Stanley K. Honey, a director, currently serves as the Director of Technology for the America's Cup Event Authority. In 2012, we had sales totaling \$23,510 to the America's Cup Event Authority. In assessing Mr. Honey's independence, our Board of Directors was aware of this information and concluded that it had no impact on his independence as a director.

Mark S. Ain, a director, is a minority owner and advisor to ETS International, a ground transportation service company. In 2012, we paid ETS International \$11,372 for services rendered in 2012. The Audit Committee has determined such services are reasonable, in our best interest and on terms no less favorable than could be obtained from an unrelated third party. In assessing Mr. Ain's independence, our Board of Directors was aware of this information and concluded that it had no impact on his independence as a director.

AUDIT COMMITTEE REPORT ⁽¹⁾

The Board of Directors appointed an Audit Committee to monitor the integrity of our company's consolidated financial statements, its system of internal control over financial reporting and the independence and performance of our independent registered public accounting firm. The Audit Committee also selects our company's independent registered public accounting firm. The Audit Committee is governed by a written charter adopted by the Board of Directors.

The Audit Committee currently consists of four independent directors. Each member of the Audit Committee meets the independence requirements of the NASDAQ Stock Market for membership on the Audit Committee.

Our company's management is responsible for the financial reporting process, including the system of internal control over financial reporting, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. Our company's independent registered public accounting firm is responsible for auditing those consolidated financial statements and auditing the effectiveness of internal control over financial reporting. Our responsibility is to monitor and review these processes. We have relied, without independent verification, on the information provided to us and on the representations made by our company's management and independent registered public accounting firm.

In fulfilling our oversight responsibilities, we discussed with representatives of KPMG LLP, our company's independent registered public accounting firm for 2012, the overall scope and plans for their audit of our company's consolidated financial statements for 2012. We met with them, with and without our company's management present, to discuss the results of their audits of our consolidated financial statements and of our company's internal control over financial reporting and to discuss with them the overall quality of our company's financial reporting.

We reviewed and discussed the audited consolidated financial statements for 2012 with management and the independent registered public accounting firm.

We discussed with the independent registered public accounting firm the matters required to be discussed in accordance with auditing standards, including the statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board (United States).

We discussed with the independent registered public accounting firm the audit and non-audit services they provided to the company and other matters impacting their independence from management and we received from the independent registered public accounting firm the written disclosures required by applicable requirements of the Public Company Accounting Oversight Board ethics and independence rule, Rule 3526, *Communication with Audit Committees Concerning Independence*, and discussed the disclosures with them. We also considered the amount of fees they received for audit services and non-audit services.

Based on our review and these meetings, discussions and reports, and subject to the limitations on our role and responsibilities referred to above and in the Audit Committee charter, we recommended to the Board of Directors that our company's audited consolidated financial statements for 2012 be included in our company's annual report on Form 10-K.

Table of Contents

Employee Director. Except as specifically reserved to the Board under the terms of the Plan, and subject to any limitations set forth in the charter of the Committee, the Committee shall have full and final authority to operate, manage and administer the Plan on behalf of the Company.

(b) *Powers of Committee.* The Committee shall have the power and authority to grant and modify Awards consistent with the terms of the Plan, including the power and authority:

(i) to select the persons to whom Awards may from time to time be granted;

(ii) to determine the time or times of grant, and the extent, if any, of Incentive Stock Options, Non-Statutory Stock Options, Restricted Stock Awards, Restricted Stock Units, Other Stock Unit Awards, or any combination of the foregoing, granted to any one or more participants;

(iii) to determine the number of shares to be covered by any Award;

(iv) to determine and modify the terms and conditions, including restrictions, not inconsistent with the terms of the Plan, of any Award, which terms and conditions may differ among individual Awards and participants, and to approve the form of written instruments evidencing the Awards; provided, however, that no such action shall adversely affect rights under any outstanding Award without the participant's consent;

(v) to accelerate the exercisability or vesting of all or any portion of any Award;

(vi) to extend the period in which any outstanding Stock Option may be exercised subject to the limits set forth in Section 5(b); and

(vii) to adopt, alter and repeal such rules, guidelines and practices for administration of the Plan and for its own acts and proceedings as it shall deem advisable; to interpret the terms and provisions of the Plan and any Award (including related written instruments); to make all determinations it deems advisable for the administration of the Plan; to decide all disputes arising in connection with the Plan; and to otherwise supervise the administration of the Plan.

All decisions and interpretations of the Committee shall be binding on all persons, including the Company and Plan participants. No member or former member of the Committee or the Board shall be liable for any action or determination made in good faith with respect to this Plan.

SECTION 3. Shares Issuable under the Plan; Mergers; Substitution.

(a) *Shares Issuable.* The maximum number of shares of Stock which may be issued in respect of Awards granted under the Plan, subject to adjustment upon changes in capitalization of the Company as provided in this Section 3, shall be 6,500,000 shares. For purposes of this limitation, the shares of Stock underlying any Awards which are forfeited, cancelled, reacquired by the Company or otherwise terminated (other than by exercise) shall be added back to the shares of Stock with respect to which Awards may be granted under the Plan at the applicable ratio specified in Section 3(b). Shares issued under the Plan may be authorized but unissued shares or shares reacquired by the Company. Notwithstanding the foregoing, shares of Stock tendered to us by a participant to exercise an Award or otherwise acquire shares, as well as shares withheld from the exercise of an Award or other acquisition of shares to cover any tax liability, shall not be added back to the shares of Stock with respect to which Awards may be granted under the Plan.

(b) *Share Counting Formula.* Solely for the purpose of applying the limitation in Section 3(a), and not for purposes of Section 3(c) below, each Option granted under this Plan shall reduce the number of shares available for grant by one share for every one share granted and each grant of an Award other than an Option under this Plan shall reduce the number of shares available for grant by two shares for every one share granted.

(c) *Limitation on Awards.* In no event may any Plan participant be granted Awards with respect to more than 120,000 shares of Stock in any calendar year. The number of shares of Stock relating to an Award granted to a

Table of Contents

Plan participant in a calendar year that is subsequently forfeited, cancelled or otherwise terminated shall continue to count toward the foregoing limitation in such calendar year. In addition, if the exercise price of an Award is subsequently reduced, the transaction shall be deemed a cancellation of the original Award and the grant of a new one so that both transactions shall count toward the maximum shares issuable in the calendar year of each respective transaction.

(d) *Stock Dividends, Mergers, etc.* In the event that after approval of the Plan by the stockholders of the Company in accordance with Section 16, the Company effects a stock dividend, stock split or similar change in capitalization affecting the Stock, the Committee shall make appropriate adjustments in (i) the number and kind of shares of stock or securities with respect to which Awards may thereafter be granted (including without limitation the limitations set forth in Sections 3(a) and (b) above), (ii) the number and kind of shares remaining subject to outstanding Awards, and (iii) the option or purchase price in respect of such shares. In the event of any merger, consolidation, dissolution or liquidation of the Company, the Committee in its sole discretion may, as to any outstanding Awards, make such substitution or adjustment in the aggregate number of shares reserved for issuance under the Plan and in the number and purchase price (if any) of shares subject to such Awards as it may determine and as may be permitted by the terms of such transaction, or accelerate, amend or terminate such Awards upon such terms and conditions as it shall provide (which, in the case of the termination of the vested portion of any Award, shall require payment or other consideration which the Committee deems equitable in the circumstances), subject, however, to the provisions of Section 14.

(e) *Substitute Awards.* The Committee may grant Awards under the Plan in substitution for stock and stock based awards held by employees of another corporation who concurrently become employees of the Company or an Affiliate as the result of a merger or consolidation of the employing corporation with the Company or an Affiliate or the acquisition by the Company or an Affiliate of property or stock of the employing corporation. The Committee may direct that the substitute awards be granted on such terms and conditions as the Committee considers appropriate in the circumstances.

SECTION 4. Eligibility.

Awards may be granted to officers, directors and employees of, and consultants and advisers to, the Company or its Affiliates (“Eligible Persons”).

SECTION 5. Stock Options.

The Committee may grant to Eligible Persons options to purchase Stock.

Any Stock Option granted under the Plan shall be in such form as the Committee may from time to time approve.

Stock Options granted under the Plan may be either Incentive Stock Options (subject to compliance with applicable law) or Non-Statutory Stock Options. Unless otherwise so designated, an Option shall be a Non-Statutory Stock Option. To the extent that any Option does not qualify as an Incentive Stock Option, it shall constitute a Non-Statutory Stock Option.

No Incentive Stock Option shall be granted under the Plan after the tenth anniversary of the date of adoption of the Plan by the Board.

The Committee in its discretion may determine the effective date of Stock Options, provided, however, that grants of Incentive Stock Options shall be made only to persons who are, on the effective date of the grant, employees of the Company or an Affiliate. Stock Options granted pursuant to this Section 5 shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Committee shall deem desirable.

Table of Contents

(a) *Exercise Price.* The exercise price per share for the Stock covered by a Stock Option granted pursuant to this Section 5 shall be determined by the Committee at the time of grant but shall be not less than one hundred percent (100%) of Fair Market Value on the date of grant. If an employee owns or is deemed to own (by reason of the attribution rules applicable under Section 424(d) of the Code) more than ten percent (10%) of the combined voting power of all classes of stock of the Company or any Affiliate and an Incentive Stock Option is granted to such employee, the option price shall be not less than one hundred ten percent (110%) of Fair Market Value on the date of grant.

(b) *Option Term.* The term of each Stock Option shall be fixed by the Committee, but no Stock Option shall be exercisable more than seven (7) years after the date the Option is granted. If an employee owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than ten percent (10%) of the combined voting power of all classes of stock of the Company or any Affiliate and an Incentive Stock Option is granted to such employee, the term of such option shall be no more than five (5) years from the date of grant.

(c) *Exercisability; Rights of a Shareholder.* Stock Options shall become vested and exercisable at such time or times, whether or not in installments, as shall be determined by the Committee. The Committee may at any time accelerate the exercisability of all or any portion of any Stock Option. An optionee shall have the rights of a shareholder only as to shares acquired upon the exercise of a Stock Option and not as to unexercised Stock Options.

(d) *Method of Exercise.* Stock Options may be exercised in whole or in part, by delivering written notice of exercise to the Company, specifying the number of shares to be purchased. Payment of the purchase price may be made by delivery of cash or bank check or other instrument acceptable to the Committee in an amount equal to the exercise price of such Options, or, to the extent provided in the applicable Option Agreement, by one or more of the following methods:

(i) by delivery to the Company of shares of Stock having a fair market value equal in amount to the aggregate exercise price of the Options being exercised; *provided, however,* that an optionholder may not utilize this method of payment unless the following conditions are met:

(1) at the time the optionholder submits the outstanding shares of Stock as payment of the aggregate exercise price of the Options being exercised, the optionholder shall have provided the Company with a letter stating that (a) the optionholder does not know of any material, non-public information concerning the Company, and (b) the Company is not currently in a “blackout” period; and

(2) the transaction shall have been approved by the President of the Company or its corporate counsel on the date on which the outstanding shares of Stock are tendered as payment of the aggregate exercise price of the Options being exercised.

(ii) if the class of Stock is registered under the Exchange Act at such time, by delivery to the Company of a properly executed exercise notice along with irrevocable instructions to a broker to deliver promptly to the Company cash or a check payable and acceptable to the Company for the purchase price; provided that in the event that the optionee chooses to pay the purchase price as so provided, the optionee and the broker shall comply with such procedures and enter into such agreements of indemnity and other agreements as the Committee shall prescribe as a condition of such payment procedure (including, in the case of an optionee who is an executive officer of the Company, such procedures and agreements as the Committee deems appropriate in order to avoid any extension of credit in the form of a personal loan to such officer). The Company need not act upon such exercise notice until the Company receives full payment of the exercise price;

(iii) by reducing the number of Option shares otherwise issuable to the optionee upon exercise of the Option by a number of shares of Stock having a fair market value equal to such aggregate exercise price of the Options being exercised; or

(iv) by any combination of such methods of payment.

Table of Contents

The delivery of shares of Stock to be purchased pursuant to the exercise of a Stock Option will be contingent upon receipt from the optionee (or a purchaser acting in his stead in accordance with the provisions of the Stock Option) by the Company of the full purchase price for such shares and the fulfillment of any other requirements contained in the Stock Option or imposed by applicable law.

(e) *Non-transferability of Options.* Except as the Committee may provide with respect to a Non-Statutory Stock Option, no Stock Option shall be transferable other than by will or by the laws of descent and distribution and all Stock Options shall be exercisable, during the optionee's lifetime, only by the optionee.

(f) *Annual Limit on Incentive Stock Options.* To the extent required for "incentive stock option" treatment under Section 422 of the Code, the aggregate Fair Market Value (determined as of the time of grant) of the Stock with respect to which Incentive Stock Options granted under this Plan and any other plan of the Company or its Affiliates become exercisable for the first time by an optionee during any calendar year shall not exceed \$100,000.

(g) *Special Limits Affecting Section 16(b) Option Holders.* Shares issuable upon exercise of Options granted to a person who in the opinion of the Committee may be deemed to be a director or officer of the Company within the meaning of Section 16(b) of the Exchange Act and the rules and regulations thereunder shall not be sold or disposed of until after the expiration of six months following the date of grant.

SECTION 6. [Reserved].

SECTION 7A. Restricted Stock Awards.

(a) *Nature of Restricted Stock Award.* The Committee in its discretion may grant Restricted Stock Awards to any Eligible Person, entitling the recipient to acquire, for such purchase price, if any, as may be determined by the Committee, shares of Stock subject to such restrictions and conditions as the Committee may determine at the time of grant ("Restricted Stock"), including continued employment and/or achievement of pre-established performance goals and objectives.

(b) *Acceptance of Award.* A participant who is granted Restricted Stock shall have no rights with respect to such Award unless the participant shall have accepted the Award within thirty (30) days (or such shorter date as the Committee may specify) following the award date by making payment to the Company of the specified purchase price, if any, of the shares covered by the Award and by executing and delivering to the Company a written instrument that sets forth the terms and conditions applicable to the Restricted Stock in such form as the Committee shall determine.

(c) *Rights as a Shareholder.* Upon complying with Section 7A(b) above, a participant shall have all the rights of a shareholder with respect to the Restricted Stock, including voting and dividend rights, subject to non-transferability restrictions and Company repurchase or forfeiture rights described in this Section 7A and subject to such other conditions contained in the written instrument evidencing the Restricted Stock. Unless the Committee shall otherwise determine, certificates, if any, evidencing shares of Restricted Stock shall remain in the possession of the Company until such shares are vested as provided in Section 7A(e) below.

(d) *Restrictions.* Shares of Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as specifically provided herein. In the event of termination of employment by the Company and its Affiliates for any reason (including death, Disability, Normal Retirement and for Cause), any shares of Restricted Stock which have not then vested shall automatically be forfeited to the Company.

(e) *Vesting of Restricted Stock.* The Committee at the time of grant shall specify the date or dates and/or the attainment of pre-established performance goals, objectives and other conditions on which the non-transferability of the Restricted Stock and the Company's right of forfeiture shall lapse. Subsequent to such date or dates and/or the attainment of such pre-established performance goals, objectives and other conditions, the shares on which all restrictions have lapsed shall no longer be Restricted Stock and shall be deemed "vested." The Committee at any time may accelerate such date or dates and otherwise waive or, subject to Section 14, amend any conditions of the Award.

Table of Contents

(f) *Waiver, Deferral and Reinvestment of Dividends.* The written instrument evidencing the Restricted Stock may require or permit the immediate payment, waiver, deferral or investment of dividends paid on the Restricted Stock.

SECTION 7B. Restricted Stock Units.

(a) *Nature of Restricted Stock Unit.* The Committee in its discretion may grant Restricted Stock Units to any Eligible Person, entitling the recipient to acquire Restricted Stock Units (“RSU”) with a value equivalent to a share of Stock subject to such restrictions and conditions as the Committee may determine at the time of grant, including continued employment and/or achievement of pre-established performance goals and objectives.

(b) *Acceptance of Award.* A participant who is granted a RSU shall have no rights with respect to such Award unless the participant shall have accepted the Award within thirty (30) days (or such shorter date as the Committee may specify) following the award by executing and delivering to the Company a written instrument that sets forth the terms and conditions applicable to the RSU in such form as the Committee shall determine.

(c) *Rights as a Shareholder.* The holder of a RSU shall have no rights as a shareholder.

(d) *Restrictions.* RSUs may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as specifically provided herein. In the event of termination of employment by the Company and its Affiliates for any reason (including death, Disability, Normal Retirement and for Cause), any RSUs which have not then vested shall automatically be forfeited to the Company.

(e) *Vesting of RSUs.* The Committee at the time of grant shall specify the date or dates and/or the attainment of pre-established performance goals, objectives and other conditions on which the vesting of the RSU shall be conditioned. No later than 30 days following such date or dates and/or the attainment of such pre-established performance goals, objectives and other conditions, the Company shall deliver to the participant one share of Stock for each vested RSU.

(f) *Waiver, Deferral and Reinvestment of Dividends.* No dividends shall be paid or accrue on any RSU.

SECTION 8. Other Stock-Based Awards.

Other Awards of shares of Stock, and other Awards that are valued in whole or in part by reference to, or are otherwise based on, shares of Stock or other property, may be granted hereunder to participants (“Other Stock Unit Awards”), including without limitation Awards entitling recipients to receive shares of Stock to be delivered in the future. Other Stock Unit Awards may be paid in shares of Stock or cash, as the Board shall determine. Subject to the provisions of the Plan, the Board shall determine the conditions of each Other Stock Unit Award, including any purchase price applicable thereto.

SECTION 9. Termination of Stock Options.

(a) *Incentive Stock Options:*

(i) *Termination by Death.* If any participant’s employment by the Company and its Affiliates terminates by reason of death, any Incentive Stock Option owned by such participant may thereafter be exercised to the extent exercisable at the date of death, by the legal representative or legatee of the participant, for a period of one year from the date of death, or until the expiration of the stated term of the Incentive Stock Option, if earlier.

(ii) *Termination by Reason of Disability.*

(A) Any Incentive Stock Option held by a participant whose employment by the Company and its Affiliates has terminated by reason of Disability may thereafter be exercised, to the extent it was exercisable at the time of such termination, for a period of one year from the date of such termination of employment, or until the expiration of the stated term of the Option, if earlier.

Table of Contents

(B) The Committee shall have sole authority and discretion to determine whether a participant's employment has been terminated by reason of Disability.

(iii) *Termination for Cause.* If any participant's employment by the Company and its Affiliates has been terminated for Cause, as determined by the Committee in its sole discretion, any Incentive Stock Option held by such participant shall terminate immediately upon, and simultaneously with, termination of employment and be of no further force and effect.

(iv) *Other Termination.* Unless otherwise determined by the Committee, if a participant's employment by the Company and its Affiliates terminates for any reason other than death, Disability, or for Cause, any Incentive Stock Option held by such participant may thereafter be exercised, to the extent it was exercisable on the date of termination of employment, for thirty (30) days from the date of termination of employment or until the expiration of the stated term of the Option, if earlier.

(b) *Non-Statutory Stock Options.* Any Non-Statutory Stock Option granted under the Plan shall contain such terms and conditions with respect to its termination as the Committee, in its discretion, may from time to time determine.

SECTION 10. Tax Withholding and Notice.

(a) *Payment by Participant.* Each participant shall, no later than the date as of which the value of an Award or of any Stock or other amounts received thereunder first becomes includable in the gross income of the participant for Federal income tax purposes, pay to the Company, or make arrangements satisfactory to the Committee regarding payment of any Federal, state, local and/or payroll taxes of any kind required by law to be withheld with respect to such income. The Company and its Affiliates shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the participant.

(b) *Payment in Shares.* A participant may elect, with the consent of the Committee, to have such tax withholding obligation satisfied, in whole or in part, by (i) authorizing the Company to withhold from shares of Stock to be issued pursuant to an Award a number of shares with an aggregate Fair Market Value (as of the date the withholding is effected) that would satisfy the withholding amount due with respect to such Award, or (ii) delivering to the Company a number of shares of Stock with an aggregate Fair Market Value (as of the date the withholding is effected) that would satisfy the withholding amount due.

(c) *Notice of Disqualifying Disposition.* Each holder of an Incentive Stock Option shall agree to notify the Company in writing immediately after making a disqualifying disposition (as defined in Section 421(b) of the Code) of any Stock purchased upon exercise of an Incentive Stock Option.

(d) With respect to any employee who is subject to Section 16 of the Exchange Act, the following additional restrictions shall apply: (i) the election to satisfy tax withholding obligations relating to an option exercise in the manner permitted by this Section 10 shall be made either (1) during the period beginning on the third business day following the date of release of quarterly or annual summary statements of sales and earnings of the Company and ending on the twelfth business day following such date, or (2) at least six months prior to the date of exercise of the Option; and (ii) the Common Stock withheld to satisfy tax withholding, if granted at the discretion of the Committee, must pertain to an Option which has been held by the employee for at least six months from the date of grant of the Option.

[Table of Contents](#)

(b) an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the employee's right to re-employment is guaranteed either by a statute or by contract or under the policy pursuant to which the leave of absence was granted or if the Committee otherwise so provides in writing; provided, that the vesting date or dates of any unvested Award held by such employee shall automatically be extended by a period of time equal to the period of such approved leave of absence.

SECTION 12. Amendments and Termination.

The Board may at any time amend or discontinue the Plan and the Committee may at any time amend or cancel any outstanding Award for the purpose of satisfying changes in law or for any other lawful purpose, but no such action shall adversely affect rights under any outstanding Award without the holder's consent. Notwithstanding the foregoing, neither the Board nor the Committee shall have the power or authority to decrease the exercise price of any outstanding Stock Option, whether through amendment, cancellation and regrant, exchange or any other means, except for changes made pursuant to Section 3(c).

This Plan shall terminate as of the tenth anniversary of its effective date. The Board may terminate this Plan at any earlier time for any reason. No Award may be granted after the Plan has been terminated. No Award granted while this Plan is in effect shall be adversely altered or impaired by termination of this Plan, except upon the consent of the holder of such Award. The power of the Committee to construe and interpret this Plan and the Awards granted prior to the termination of this Plan shall continue after such termination.

SECTION 13. Status of Plan.

With respect to the portion of any Award which has not been exercised and any payments in Stock or other consideration not received by a participant, a participant shall have no rights greater than those of a general creditor of the Company unless the Committee shall otherwise expressly determine in connection with any Award or Awards.

SECTION 14. Change of Control Provisions.

(a) Upon the occurrence of a Change of Control as defined in this Section 14:

(i) subject to the provisions of clause (iii) below, after the effective date of such Change of Control, each holder of an outstanding Stock Option shall be entitled, upon exercise of such Award, to receive, in lieu of shares of Stock, shares of such stock or other securities, cash or property (or consideration based upon shares of such stock or other securities, cash or property) as the holders of shares of Stock received in connection with the Change of Control;

(ii) the Committee may accelerate, fully or in part, the time for exercise of, and waive any or all conditions and restrictions on, each unexercised and unexpired Stock Option, Restricted Stock, RSU or Other Stock Unit Award, effective upon a date prior or subsequent to the effective date of such Change of Control, as specified by the Committee; or

(iii) each outstanding Stock Option may be cancelled by the Committee as of the effective date of any such Change of Control provided that (x) prior written notice of such cancellation shall be given to each holder of such an Option and (y) each holder of such an Option shall have the right to exercise such Option to the extent that the same is then exercisable or, in full, if the Committee shall have accelerated the time for exercise of all such unexercised and unexpired Options, during the thirty (30) day period preceding the effective date of such Change of Control.

(b) "Change of Control" shall mean the occurrence of any one of the following events:

(i) any "person" (as such term is used in Sections 13(d) and 14(d)(2) of the Exchange Act) becomes, after the Effective Date of this Plan, a "beneficial owner" (as such term is defined in Rule 13d-3 promulgated under the Exchange Act) (other than the Company, any trustee or other fiduciary holding securities under an employee benefit plan of the Company, or any corporation owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company), directly or

indirectly, of securities of the Company representing fifty percent (50%) or more of the combined voting power of the Company's then outstanding securities; or

(ii) a merger or consolidation of the Company with any other corporation or other entity, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or any parent entity of the surviving entity) more than fifty percent (50%) of the combined voting power of the voting securities of the Company or such surviving entity (or such parent entity of such surviving entity) outstanding immediately after such merger or consolidation; or

(iii) the sale or disposition by the Company of all or substantially all of the Company's assets; or

(iv) the stockholders of the Company approve a plan of complete liquidation of the Company.

SECTION 15. General Provisions.

(a) *No Distribution; Compliance with Legal Requirements.* The Committee may require each person acquiring shares pursuant to an Award to represent to and agree with the Company in writing that such person is acquiring the shares without a view to distribution thereof.

No shares of Stock shall be issued pursuant to an Award until all applicable securities laws and other legal and stock exchange requirements have been satisfied. The Committee may require the placing of such stop orders and restrictive legends on certificates, if any, for Stock and Awards as it deems appropriate.

(b) *Delivery of Shares.* Delivery of shares to participants under this Plan shall be deemed effected for all purposes when the Company or a stock transfer agent of the Company shall either (i) have delivered stock certificates representing the shares in the United States mail, addressed to the participant, at the participant's last known address on file with the Company, or (ii) placed such shares in electronic form in an account in the participant's name.

(c) *Other Compensation Arrangements; No Employment Rights.* Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, including trusts, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases. The adoption of the Plan or any Award under the Plan does not confer upon any employee any right to continued employment with the Company or any Affiliate.

(d) *Lock-Up Agreement.* By accepting any Award, the recipient shall be deemed to have agreed that, if so requested by the Company or by the underwriters managing any underwritten offering of the Company's securities, the recipient will not, without the prior written consent of the Company or such underwriters, as the case may be, sell, make any short sale of, loan, grant any option for the purchase of, or otherwise dispose of any shares subject to any such Award during the Lock-up Period, as defined below. The "Lock-Up Period" shall mean a period of time not exceeding 180 days or, if greater, such number of days as shall have been agreed to by each director and executive officer of the Company in connection with such offering in a substantially similar lock-up agreement by which each such director and executive officer is bound. If requested by the Company or such underwriters, the recipient shall enter into an agreement with such underwriters consistent with the foregoing.

SECTION 16. Effective Date of Plan.

This Plan shall become effective upon its adoption by the Company's Board of Directors. If the Plan shall not be approved by the shareholders of the Company within twelve months following its adoption, this Plan shall terminate and be of no further force or effect.

SECTION 17. Governing Law.

the Company. All of the participant's payroll deductions credited to such account will be paid to him promptly after receipt of notice of withdrawal, without interest, and no future payroll deductions will be made from his pay during such offering. The Company will treat any attempt to borrow by a participant on the security of accumulated payroll deductions as an election to withdraw such deductions

(b) Except as set forth in Paragraphs 6(d) and 7(c), a participant's election not to participate in, or withdrawal from, any Offering will not have any effect upon his eligibility to participate in any succeeding Offering or in any similar plan which may hereafter be adopted by the Company.

(c) Upon termination of the participant's employment for any reason, including retirement but excluding death, the payroll deductions credited to his account will be returned to him, or, in the case of his death, to the person or persons entitled thereto under Paragraph 14.

(d) Upon termination of the participant's employment because of death, his beneficiary (as defined in Paragraph 14) shall have the right to elect, by written notice given to the Company's Treasurer prior to the expiration of a period of 90 days commencing with the date of the death of the participant, either:

(i) to withdraw all of the payroll deductions credited to the participant's account under the Plan; or

(ii) to exercise the participant's option for the purchase of stock on the Offering Termination Date next following the date of the participant's death for the purchase of the number of full shares which the accumulated payroll deductions in the participant's account at the date of the participant's death will purchase at the applicable option price (subject to the limitation contained in Paragraph 7(a)), and any excess in such account will be returned to said beneficiary. In the event that no such written notice of election shall be duly received by the office of the Company's Treasurer, the beneficiary shall automatically be deemed to have elected to withdraw the payroll deductions credited to the participant's account at the date of the participant's death and the same will be paid promptly to said beneficiary.

11. INTEREST.

No interest will be paid or allowed on any money paid into the Plan or credited to the account of any participating employee.

12. STOCK.

(a) The maximum number of shares of Common Stock available for issuance and purchase by employees under the Plan, subject to adjustment upon changes in capitalization of the Company as provided in Paragraph 17, shall be 650,000 shares of Common Stock, \$.01 par value per share, of the Company. The maximum number of shares of Common Stock available for issuance and purchase by employees under the Plan in any Offering shall be one percent of the shares of Common Stock outstanding. If the total number of shares for which options are exercised on any Offering Termination Date in accordance with Paragraph 8 exceeds the maximum number of shares for the applicable Offering, the Company shall make a pro rata allocation of the shares available for delivery and distribution in an equitable manner, with the balances of payroll deductions credited to the account of each participant under the Plan carried forward to the next Offering or returned to the participant if he so chooses, by giving written notice to the Treasurer to this effect.

(b) The participant will have no interest in stock covered by his option until such option has been exercised.

(c) The shares of stock purchased by a participant who is an officer or director of the Company, or a beneficiary of a participant who was an officer or director of the Company pursuant to Paragraph 14 hereof, at each Offering Termination Date may not be sold or transferred by such participant or beneficiary for a period of six months following such Offering Termination Date. Certificates representing said shares of stock issued pursuant to this Plan may bear legends to that effect.

13. ADMINISTRATION.

The Plan shall be administered by the Committee. The interpretation and construction of any provision of the Plan and adoption of rules and regulations for administering the Plan shall be made by the Committee. Determinations made by the Committee with respect to any matter or provision contained in the Plan shall be final, conclusive and binding upon the Company and upon all participants, their heirs or legal representatives. Any rule or regulation adopted by the Committee shall remain in full force and effect unless and until altered, amended, or repealed by the Committee.

14. DESIGNATION OF BENEFICIARY.

A participant shall file with the Treasurer of the Company a written designation of a beneficiary who is to receive any Common Stock and/or cash under the Plan. Such designation of beneficiary may be changed by the participant at any time by written notice. Upon the death of a participant and upon receipt by the Company of proof of the identity and existence at the participant's death of a beneficiary validly designated by him under the Plan, the Company shall deliver such Common Stock and/or cash to such beneficiary. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such Common Stock and/or cash to the executor or administrator of the estate of the participant. No beneficiary shall prior to the death of the participant by whom he has been designated, acquire any interest in the Common Stock and/or cash credited to the participant under the Plan.

15. TRANSFERABILITY.

Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive Common Stock under the Plan may be assigned, transferred, pledged, or otherwise disposed of in any way by the participant other than by will or the laws of descent and distribution. Any such attempted assignment, transfer, pledge, or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds in accordance with Paragraph 8(b).

16. USE OF FUNDS.

All payroll deductions received or held by the Company under this Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

17. EFFECT OF CHANGES OF COMMON STOCK.

If the Company shall subdivide or reclassify the Common Stock which has been or may be optioned under this Plan, or shall declare thereon any dividend payable in shares of such Common Stock, or shall take any other action of a similar nature affecting such Common Stock, then the number and class of shares of Common Stock which may thereafter be optioned (in the aggregate and to any participant) shall be adjusted accordingly and in the case of each option outstanding at the time of any such action, the number and class of shares which may thereafter be purchased pursuant to such option and the option price per share shall be adjusted to such extent as may be determined by the Committee, with the approval of independent public accountants and counsel, to be necessary to preserve the rights of the holder of such option.

18. AMENDMENT OR TERMINATION.

The Board may at any time terminate or amend the Plan. No such termination shall affect options previously granted, nor may an amendment make any change in any option theretofore granted which would adversely affect the rights of any participant holding options under the Plan.

19. NOTICES.

All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received by the Treasurer of the Company.

20. MERGER OR CONSOLIDATION.

If the Company shall at any time merge into or consolidate with another corporation, the holder of each option then outstanding will thereafter be entitled to receive at the next Offering Termination Date upon the exercise of such option for each share as to which such option shall be exercised, the securities or property which a holder of one share of the Common Stock was entitled to upon and at the time of such merger or consolidation. In accordance with this Paragraph and Paragraph 17, the Committee shall determine the kind and amount of such securities or property which such holder of an option shall be entitled to receive. A sale of all or substantially all of the assets of the Company shall be deemed a merger or consolidation for the foregoing purposes.

21. APPROVAL OF STOCKHOLDERS.

The Plan is subject to the approval of the stockholders of the Company by written consent or at their next annual meeting or at any special meeting of the stockholders for which one of the purposes of such a special meeting shall be to act upon the Plan.

22. GOVERNMENTAL AND OTHER REGULATIONS.

The Plan, and the grant and exercise of the rights to purchase shares hereunder, and the Company's obligation to sell and deliver shares upon the exercise of rights to purchase shares, shall be subject to all applicable federal, state and foreign laws, rules and regulations, and to such approvals by any regulatory or governmental agency as may, in the opinion of counsel for the Company, be required. The Plan shall be governed by, and construed and enforced in accordance with, the provisions of Sections 421, 423 and 424 of the Code and the substantive laws of the Commonwealth of Massachusetts. In the event of any inconsistency between such provisions of the Code and any such laws, said provisions of the Code shall govern to the extent necessary to preserve favorable federal income tax treatment afforded employee stock purchase plans under Section 423 of the Code.
